How can I have my say?

We are inviting feedback from the community, customers and stakeholders about the strategic corridor upgrade proposed between Katoomba and Mount Victoria and the corridor reserved in 2013 between Mount Victoria and Lithgow. Your feedback is important and it will be used to help inform our future plans for upgrading the Great Western Highway.

There are several ways you can become involved including visiting an information session, commenting on the interactive map on the website, or by contacting the team through phone call, email, or post.

Feedback closes at 5pm on Monday 16 December 2019.
What are your communication objectives?

We will provide clear information about the project and use different tools and techniques to explain the project to our communities, customers and stakeholders.

Building relationships with the community and stakeholders across the life-cycle of this program will be a key objective.

Above all, we want to hear your feedback. It will help to shape the design of the upgrade program.

How will we communicate to stakeholders and the community?

We will provide clear, consistent, and timely information to communities, stakeholders, and customers. We will build and maintain relationships with key stakeholders throughout all phases. We will raise awareness of the program and its benefits throughout all phases including planning and construction.

What information will I be able to see?

- You will be able to access an online interactive map of the corridor
- You will have frequently asked questions that outline the strategic options and impacts and benefits
- You can access a collaborative map where you can pin your comments at specific points along the corridor
- You can attend a community information session to meet the team and find out more about the program
- You can view static display information at libraries and council chambers
- A dedicated email, project phone number, and multiple ways to provide feedback.
FREQUENTLY ASKED QUESTIONS

How else do I get involved?
If you are unable to make an information session but would like to speak to a member of the team, please contact us to discuss or arrange another time that is suitable for you.

If you would like to join our mailing list and receive information directly about the progress of this program, then please call, email or submit a feedback form.

You can also make a comment through our feedback form that you can post or submit online.

Will this be the only opportunity to have my say?
Our journey with stakeholders and the community on this program has just begun. We value the area’s natural environment, heritage, and local communities. We will build and maintain relationships with key stakeholders throughout all phases of the program and continue to speak to community members. We will organise regular formal and informal opportunities for the community and stakeholders to speak to the team. Please subscribe to updates if you would like to be kept informed.

Will the program scope change because of public consultation?
The NSW Government is investing $2.5 billion to begin the planning and delivery of the Great Western Highway Upgrade between Katoomba and Lithgow. Public feedback is an important part of any road project within NSW and we aim to seek and listen to feedback from local communities and other stakeholders. This feedback will be an important consideration in shaping the program as it progresses.

What happens next and how will you use my feedback?
At the end of this consultation period, the team will produce a consultation summary report that includes responses to feedback. Information gathered will be considered in decision making as the program progresses. Further public consultation beyond this time is being planned.

The next step will be to review comments, carry out further investigations, and continue to consult with the community as the options are refined.
