

Intersection improvements at Great Western Highway, Doonside Road and Brabham Drive, Eastern Creek

Project update

Roads and Maritime Services | June 2018

The NSW Government is funding this work as part of its \$300 million Urban Roads Pinch Points Program which aims to reduce congestion and improve travel times on Sydney's busiest corridors.

Roads and Maritime Services will be upgrading the intersection of Great Western Highway with Doonside Road and Brabham Drive, Eastern Creek. The project involves:

- widening Great Western Highway from the centre median to create additional right turn lanes onto Doonside Road and Brabham Drive
- widening the existing eastbound and westbound left turn slip lanes from Great Western Highway onto Brabham Drive and Doonside Road
- adding two signalised pedestrian crossings and one non-signalised pedestrian crossing on the north and south sides of the intersection.

This project aims to improve efficiency, safety and congestion on Sydney's road network.

We have included a map showing the location of work.

Our work schedule

To complete the project, we will be on site up to **six days and five nights a week** over a 27 week period, between **Monday 18 June** and **Friday 21 December**, weather permitting.

Our night work hours will be between **8pm** and **5am** from **Sunday** to **Friday**. Our day work hours will be between **7am** and **6pm** from **Monday** to **Friday** and between **8am** and **1pm** on **Saturdays**.

We will not be working on public holidays.

As part of this work we will need to set up a site compound on the corner of Great Western Highway and Doonside Road eastbound (Site compound A) and another on the corner of Great Western Highway eastbound between Rooty Hill Road South and Westlink M7 (Site compound B). The site compounds will be used as a site office and to store materials throughout the project.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks by **11pm**.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to the speed limits and follow signs and traffic controllers' directions.

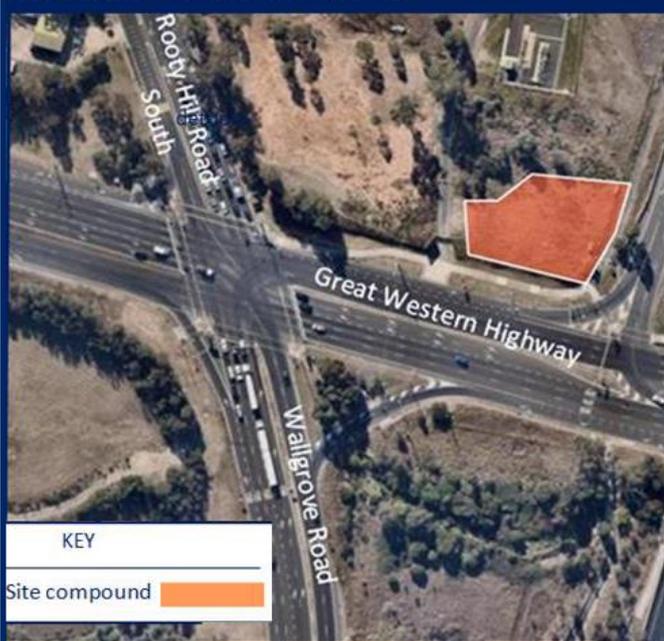

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
