Heathcote Road upgrade
Between Infantry Parade, Holsworthy and The Avenue, Voyager Point
October 2016

The NSW Government is proposing a two kilometre upgrade of Heathcote Road. The upgrade would reduce traffic congestion, improve safety, meet future traffic volumes and improve pedestrian and cyclist connectivity to Holsworthy Train Station and surrounding areas.

Heathcote Road is a major arterial road that runs between Liverpool and Heathcote, connecting Sydney’s southern suburbs to the motorway network in the south-west including the M5 and M7 motorways. It is also a key link for commuters who drive, walk or cycle to Holsworthy Train Station and the Holsworthy Army Barracks.

The existing road between Infantry Parade and The Avenue is generally a two lane road and contains three bridges across Williams Creek, the T2 Airport railway line and Harris Creek. Congestion is often experienced along these sections of the road, particularly near the Macarthur Drive roundabout.

Roads and Maritime Services has prepared a Review of Environmental Factors to examine the potential impact of the Heathcote Road upgrade proposal and outline measures to reduce and manage this impact. The Review of Environmental Factors and concept design for the proposal are on display for community and stakeholder feedback by Monday 14 November 2016.
Heathcote Road upgrade

To Liverpool and M5/M7 motorways

HOLSWORTHY

Key
- Road
- Median
- Shared path
- Bridge
- Railway line

Harris Creek Bridge
- Replace existing bridge
- New duplicated bridge
- Improved flood immunity

Macarthur Drive intersection
- New traffic light intersection
- Improved access to Holsworthy Train Station
- Improved traffic flow
- Improved vehicle and pedestrian safety

Holsworthy Train Station

The Avenue intersection
- New traffic light intersection
- Improved safety
- New shared cycle and pedestrian path

Williams Creek Bridge
- Replace existing bridge
- New duplicated bridge
- Improved flood immunity

Existing traffic light crossing to join shared path continuing on southern side

New shared cycle and pedestrian path along Heathcote Road

 existing footpath to shared cycle and pedestrian path

Improved flood immunity
Key features and benefits

The main benefits of the proposal include:
• Reduced traffic congestion
• Increased road capacity catering for current and predicted traffic volumes
• Improved road safety
• More reliable travel times
• Improved pedestrian and cyclist connectivity to Holsworthy Train Station and Hammondville Park
• Improved freight access and efficiency.

The key features of the proposal include:
• Widening and upgrading Heathcote Road between Infantry Parade and The Avenue to a four lane divided road
• Upgrading the Macarthur Drive and The Avenue intersections to traffic light intersections
• Duplication of the bridges over Harris Creek, Williams Creek and the T2 Airport railway line
• Replacement of the existing bridges at Harris Creek and Williams Creek
• Providing a pedestrian and cyclist shared path along the road, connecting Voyager Point to Holsworthy Train Station and towards Hammondville.

Community information drop in sessions

We will host two community information sessions where you can view the Review of Environmental Factors and speak to members of the project team.

A formal presentation will not be provided but please feel free to drop in at any time:

**Thursday 3 November, 5pm to 7pm**
St Christopher’s Catholic Primary School Hall
205 Heathcote Road, Holsworthy

**Saturday 5 November, 10am to midday**
St Christopher’s Catholic Primary School Hall
205 Heathcote Road, Holsworthy

Display locations

The Review of Environmental Factors is available to view in person at:

**Liverpool City Council**
33 Moore Street, Liverpool

**Moorebank Library**
Cnr Nuwarra Road & Maddecks Avenue, Moorebank

You can also view or download it online at [rms.nsw.gov.au/heathcoteroad](http://rms.nsw.gov.au/heathcoteroad).
Have your say

Roads and Maritime is seeking community and stakeholder feedback on the concept design and Review of Environmental Factors for the proposed Heathcote Road upgrade by Monday 14 November.

Written comments should be sent to:

Email: heathcoteroadupgrade@rms.nsw.gov.au

Mail: Heathcote Road upgrade
Roads and Maritime Services
PO Box 973, Parramatta CBD NSW 2124

What happens next?

Roads and Maritime will prepare a submissions report outlining the feedback received and our responses. We will consider all comments in finalising the proposal and continue to keep the community informed as the project progresses.
