

Project Update - Night work at the intersection of Hoxton Park Road and Hill Road, Lurnea

The NSW Government is funding this work as part of its \$300 million Urban Roads Pinch Point Program, which aims to reduce congestion and improve travel times on Sydney's busiest corridors.

Roads and Maritime Services invited feedback in November and December 2016 on a proposed night work schedule, for the construction of a dedicated left turn lane from Hoxton Park Road into Hill Road. We proposed to work for up to five nights a week for 12 weeks of a 30 week construction schedule.

We received feedback from two people in support of the proposed construction schedule.

After considering all responses, we have decided to proceed with working up to five nights a week for 12 weeks of a 30 week construction schedule. We thank everyone for considering the proposal and for providing feedback.

Our work schedule

We will be on site for a total of **60 nights** throughout the project's construction, weather permitting. We will not be working on public holidays. Our work hours will be from **8pm to 5am**.

The work will include:

Weeks one to four – Surveying, establishing the site compound and scanning for utilities.

Weeks five to 18 – Relocating utilities.

Weeks 19 to 26 – Widening Hoxton Park Road, removing existing road pavement and kerbing, building new pavement and kerbing, relocating traffic lights and installing drainage.

Weeks 27 to 30 – Removing and replacing asphalt, line marking, installing signage and removing the site compound.

We have included a map to explain the work and its location.

What happens next?

Roads and Maritime expect to start construction in April 2017, and will notify the community and stakeholders before construction starts.

The existing bus stop on Hoxton Park Road before Hill Road may need to be temporarily relocated during construction. This is to ensure the safety of pedestrians and workers. Community members will be notified prior to any temporary traffic or pedestrian changes, including the temporary relocations of bus stops.

Contact

If you have any questions, please contact our delivery partner DownerMouchel on 1800 332 660 or enquiries_nsw@downermouchel.com.
