

Start of work on Monkerai Bridge, Monkerai from Monday 7 January

The NSW Government is investing to upgrade Monkerai Bridge as part of its \$145 million commitment to the Bridges for the Bush Program.

Roads and Maritime Services will carry out the work, which includes strengthening the bridge to meet current vehicle loads and heavy vehicle requirements, as well as helping to reduce future maintenance costs.

As part of this work we will be setting up a site compound on the southern side of the bridge for the duration of the project. We have included a map to show the work area and location of the site compound.

We will be working between **6am** and **4pm** from **Monday** to **Thursday** and expect to complete the work by **June 2020**, weather permitting. On occasions, work will be carried out between **6am** and **4pm** on **Friday** and **8am** and **3pm** on **Saturday**. We will let you know in advance if we need to do any work outside these times.

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Traffic changes

The bridge was closed to traffic in 2004 and will remain closed during the upgrade project.

Two alternate routes via Moores Road to the West (an extra 13 kilometres and up to around 18 minutes extra travel time) and the Bucketts Way and Stroud Hill Road to the East (an extra 51 kilometres and up to around 60 minutes extra travel time) will remain in place for the duration of the project.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our Project Manager, David MacGregor on 02 4908 7643 or David.macgregor@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
