The NSW Government is funding proposed improvements to King Georges Road between Stoney Creek Road, Beverly Hills and Forest Road, Hurstville.

Roads and Maritime Services is developing a design to ease congestion, increase safety and improve travel time on King Georges Road.

Motorists are experiencing significant congestion along King Georges Road between Stoney Creek Road, Beverly Hills and Forest Road, Hurstville during the weekday peak periods.

The NSW Government is funding a $40 million proposal to improve this section of King Georges Road.

Roads and Maritime is inviting your feedback on the proposed plan to improve King Georges Road, between Stoney Creek Road, Beverly Hills and Forest Road, Hurstville.

The proposed design will provide three lanes in each direction, to reduce congestion and improve travel times on this busy road. The proposal also includes plans to restrict right turn access into and out of some local side streets to increase safety and improve traffic flow.
The proposal includes:

- Widening King Georges Road from Stoney Creek Road, Beverly Hills to Forest Road, Hurstville to create three lanes in each direction, separated by a concrete median.
- Removing right turn movements in and out of George, Dudley, Clarence and Percival streets to increase safety and improve travel time for motorists traveling on King Georges Road.
- Relocating and installing of pavements, street lighting, kerbs and drainage to meet existing assets.
- Road resurfacing and line marking.
- Tree removal, trimming and landscaping.

We are also seeking feedback on our proposal to complete construction on these improvements by working up to five nights a week and six days a week.

The proposed schedule will allow us to complete the work as quickly as possible to minimize the disruption period for residents, businesses and road users.

Benefits

The improvements are expected to provide:

- Improved road safety for all road users.
- Improved travel time and reliability.
- Reduced congestion.
- Increased space to allow more motorists to use the corridor.
- Improved freight movements and efficiency.

Have your say

We welcome your comments on the proposed improvements and schedule by Sunday, 21 October at 5pm.

You can provide your comments by:

- Calling our Project Manager, Elie Anthony, on 1800 572 114 during business hours.
- Emailing g2s@rms.nsw.gov.au.
- Writing to Gateway to the South Project Team, Roads and Maritime Services, PO Box 973, Parramatta, NSW, 2124.
- Attending one of our information kiosks, details overleaf.

Portal

For more information on the proposal, take a look at our interactive portal and online map. Zoom in for the details on the project area and view the location of the work.

King Georges Road widening between Stoney Creek and Forest Road.
Where are we now and next steps?

This project is now in its concept design stage. During this stage we will carry out investigations to explore the preferred placement of the road widening. The community will also have the opportunity to ask questions and provide feedback on this preferred option during this stage. These comments will be considered and responded to in a community consultation report that will be available on our website following the close of consultation. It may take us a few months to consider all feedback received, we appreciate your patience during this time.

Speak to the project team

We will be in your local area during October to talk about the improvements to King Georges Road between Beverly Hills and Hurstville. Members from the project team will be available to answer your questions at:

Hurstville Aquatic Leisure Centre
Corner of King Georges Road and Forest Road, Hurstville

Thursday, 18 October 4pm – 7pm
Saturday, 20 October 10am – 1pm
