# Kirrawee Pedestrian Bridge

Princes Highway Closure for Steel Arch Bridge Installation | July 2020

Work is underway to install a Pedestrian Bridge at the intersection of the Princes Highway and Bath Road, across the Princes Highway. The Pedestrian Bridge will improve accessibility for local residents, children and members of the community with mobility requirements.

To complete the installation of the steel arch bridge, lane closures of the Princes Highway will **begin at 10pm Saturday 8 August 2020**, with full closure of the Princes Highway at **midnight**. During this time, detours will be in place. The map below shows the traffic detours.

## Full Closure Princes Highway - Detour

## Traffic changes

In order to lift the steel arch bridge into place, a full closure of Princes Highway will occur between Oak Road and The Kingsway, Kirrawee. This is to ensure the work zone is safe for the community.

Work will take place from **10pm Saturday 8 August to 6am Sunday 9 August**.

Detours in place include:

**Sutherland bound traffic** along the Princes Highway will be detoured onto Waratah Road, Bath Road, Monro Avenue, Oak Road and back on to Princes Highway or The Kingsway, Hotham Road, Durbar Avenue, Bath Road, Flora Street, Oak Road and back on to Princes Highway. **City bound traffic** will be diverted on the same route, but in the opposite direction.

If the bridge lift is postponed due to poor weather, the work will be carried out on **Saturday 15 August**. This will involve the same working hours and road closures/detours.

Please keep to speed limit, follow detour signs and traffic controllers' directions. Pedestrian detours will also be in place during this time.

## How will the work affect you?

Our work may be noisy at times, but we will do everything we can to minimise its impact.

Transport for NSW understands that noise during road construction can be a source of frustration for residents living near our project. Our work schedule will help us complete our work sooner, limiting the impact on the local community.

## Key benefits

The new Pedestrian Bridge at the intersection of the Princes Highway and Bath Road, across the Princes Highway will improve accessibility for local residents,

children and members of the community with mobility requirements. Other benefits are:

- Increased pedestrian safety
- Safer access for school children, prams and low mobility pedestrians
- Improves Sydney's walking network and pedestrian connectivity.

## Features of the bridge

The design of the bridge will include a steel arch with the following features:

- Two lifts, one each side of the bridge to accommodate 21 persons
- Two stairways, one each side
- Closed circuit television (CCTV) cameras.

## Our work schedule

For the installation for the span for the pedestrian bridge, work will be from **10pm Saturday 8 August to 5am Sunday 9 August 2020**. Ongoing work hours will continue between **July and November 2020**. We will continue to work **six days** a week, weather permitting.

Our day work hours will be between **7am and 6pm** from **Monday to Friday** and 8am to **5pm** on **Saturday**. Our night work hours will be between **8pm and 5am** from **Saturday to Thursday**.
