

Artist impression of the pedestrian bridge at Kirrawee.

The NSW Government is funding this pedestrian bridge as part of its \$300 million Gateway to the South Pinch Point Program.

To support industry and continue the delivery of critical infrastructure, the NSW Government has introduced new rules allowing construction sites, including public infrastructure projects, to operate on weekends and public holidays.

Transport NSW are installing a pedestrian bridge at the intersection of the Princes Highway and Bath Road, across the Princes Highway. The pedestrian bridge will improve accessibility for local residents, children and members of the community with mobility requirements.

Key benefits

- Increased pedestrian safety
- Safer access for school children, prams and low mobility pedestrians
- Improves Sydney's walking network and pedestrian connectivity.

Features of the bridge

The design of the bridge will include a steel arch with the following features:

- Two lifts, one each side of the bridge to accommodate 21 persons
- Two stairways, one each side
- Closed circuit television (CCTV) cameras

Works to date

- Relocation of services and utilities including water, gas and telecommunication services
- Construction of lift shafts to 3m above ground level
- Construction of new footpaths and pram ramps on southern abutment.

What's happening next?

- Relocation of overhead wires
- Construction of concrete lift shafts and concrete stairs on northern and southern abutments
- Off-site fabrication of steel arch bridge.

Our work schedule

The works have been on hold since December 2019 due to an Ausgrid 'Pause on Live Works'. This Pause has now been lifted, allowing the works to resume in May 2020.

Between **May** and **July 2020** we will be working **six days** a week, weather permitting.

Our day work hours will be between **7am** and **6pm** from **Monday** to **Friday** and **8am** to **5pm** on **Saturday**.

We will be on site for up to 10 night shifts during this time. Our night work hours will be between **8pm** and **5am** from **Saturday** to **Thursday**.

These changes have been made to facilitate social distancing on construction sites and support the health and wellbeing of workers.

How will the work affect you?

Our work will be noisy at times, including saw cutting, but we will do everything we can to minimise the

impact to residents, including completing the noisier tasks by midnight. Transport for NSW understands that noise during road construction can be a source of frustration for residents living near our project. Our work schedule will help us complete our work sooner, limiting the impact on the local community.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
