# M1 Pacific Motorway Upgrades – Weakleys Drive and John Renshaw Drive intersection

Project Update – December 2018

The M1 Pacific Motorway Upgrades will provide a better and more reliable journey on one of Australia's busiest roads.

Roads and Maritime Services engaged Georgiou Group to upgrade the intersection of the M1 Pacific Motorway at Weakleys Drive and John Renshaw Drive at Beresfield.

The upgrade involves replacing the roundabout with traffic lights, building two through lanes on all approaches including two right turn lanes from the M1 to John Renshaw Drive.

## Work recently completed

Since starting work in April 2018, we have removed the original roundabout, installed stormwater drainage, street light poles and electrical wiring to power the traffic lights. Temporary lights have now been switched on.

We have finished adjusting road levels and repairing the existing asphalt across the site ready for the final layer of the new road surface.

*Digging pits and laying stormwater pipes*

## Upcoming work

Work under way or starting soon includes:

- Earthworks and verge landscaping
- Building concrete islands and kerbs
- Building new road surface
- Installing and switching on the new permanent traffic lights.

*Pouring concrete footings for street light poles*

## Our work schedule

You may have noticed we work a variety of hours to keep the upgrades progressing. We carry out occasional night work which helps us complete more complex work while balancing the impact to local residents and also work outside peak travel hours, to minimise the impact to road users.

We will continue to work between 6am and 8pm from Monday to Friday and between 7am and 5pm on Saturday. Some work will take place intermittently at night between 8pm and 5am, Sunday to Friday.

Thank you for your patience during this important work.

## Traffic changes

The intersection speed limit remains at 60km/h for the safety of workers and all road users.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Christmas holiday break

Motorists are encouraged to plan their journeys and allow extra travel time when travelling on the M1.

No work will be carried out during the Christmas holiday period from Friday 21 December 2018 to Sunday 6 January 2019. However the reduced speed limit and traffic changes will remain in place for the safety of motorists.

Work will restart on Monday 7 January 2019.
