

M4 Smart Motorway - Stage 1, Mamre Road to Reservoir Road

Community Update

Roads and Maritime Services | March 2018

The NSW Government is investing \$470 million to build the M4 Smart Motorway project, which will introduce intelligent technology to the M4 Motorway between Pitt Street, Mays Hill and Russell Street, Lapstone.

Roads and Maritime Service has started work on Stage 1, Mamre Road to Reservoir Road, which includes building an additional lane in each direction between Roper Road and the M7 Motorway, upgrading interchanges and installing intelligent transport systems.

Work on Stage 1 of the M4 Smart Motorway project is expected to be complete in 2019, weather permitting.

Work carried out so far

The completed work includes:

- Relocating intelligent transport system and utility services
- Installing safety barriers
- Removing vegetation and topsoil where necessary along the project corridor
- Installing project signage
- Establishing a site compound at Reservoir Road.

We have included a photo of the work.

We appreciate your patience while we deliver this important project.

Upcoming work

Work over the next three months includes:

- Widening and lengthening the Roper Road Eastbound entry ramp at Colyton
- Completion of widening and lengthening the Wallgrove Road Westbound entry ramp at Eastern Creek. Also installing cabling and in-ground sensors needed for future entry ramp meters
- Excavation of around 10 maintenance bays
- Asphaltting two new additional lanes in the median strip between Farrington Street and McFarlane Drive, Minchinbury
- Extending a noise wall near Farrington Street, Minchinbury
- Completion of a replacement noise wall between Grazier Place and Rutherglen Place, Minchinbury
- Investigation works for replacement noise walls at:
 - Orchard Road, Colyton
 - Harwell Place, Colyton
 - Caines Crescent, St Marys
- Installing new fibre optic cables along the project corridor
- Installing temporary safety barriers and new traffic signals at Reservoir Road, Blacktown.

Traffic Changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Some lane closures may affect travel times. Please keep to reduced speed limits and follow signs and traffic controllers' directions.

Traffic changes will be communicated to motorists through electronic message signs, traffic apps and the Live Traffic website at livetraffic.com.

Work Hours

Our standard construction hours are between 7am and 6pm from Monday to Friday and between 8am and 1pm on Saturday, excluding public holidays, weather permitting.

We will advise residents in advance when work needs to take place outside these hours for worker safety, traffic flow or other essential reasons.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier activities earlier in the shift.
