

Investigation work on M4 Motorway between Roper Road and Mamre Road from Monday, 26 February

Roads and Maritime Services | February 2018

The NSW Government is investing \$470 million to build the M4 Smart Motorway project, which will introduce intelligent technology to the M4 Motorway between Pitt Street, Mays Hill and Russell Street, Lapstone.

Roads and Maritime Services will be carrying out geotechnical investigation and earthworks, including top soil removal on the current noise wall site located on the M4 Motorway between Roper Road and Mamre Road interchanges adjacent to Harwell Place, Colyton.

Investigation works and earthworks will take place before the existing noise wall is replaced.

We have included a map to show the location of the work.

Our work schedule

We will be on site to complete the work for up to **20 shifts** over a **four week** period between **Monday, 26 February, 2018**, and **Friday, 23 March, 2018**, weather permitting.

Our work hours will be between **7am** and **6pm** from **Monday** to **Friday** and **8am** and **1pm** on **Saturdays**.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact.

An increase in light vehicles may be noticed as Shepherd St Reserve will be used for site access.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures may be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
