

Improving traffic flow through Mascot and Alexandria

- Canal Road, Ricketty Street & Gardeners Road
- Kent Road, Coward Street & Bourke Road

The NSW Government released its Transport Strategy 2056, which acknowledges the vital role transport plays in the land use, tourism, and economic development of towns and cities. The Easing Sydney’s Congestion Program has identified traffic changes in Mascot and Alexandria to support this strategy.

Traffic through Mascot has slowed and at the same time volumes and congestion have increased. We want to create reliable journeys by improving the flow of traffic and connections to key destinations.

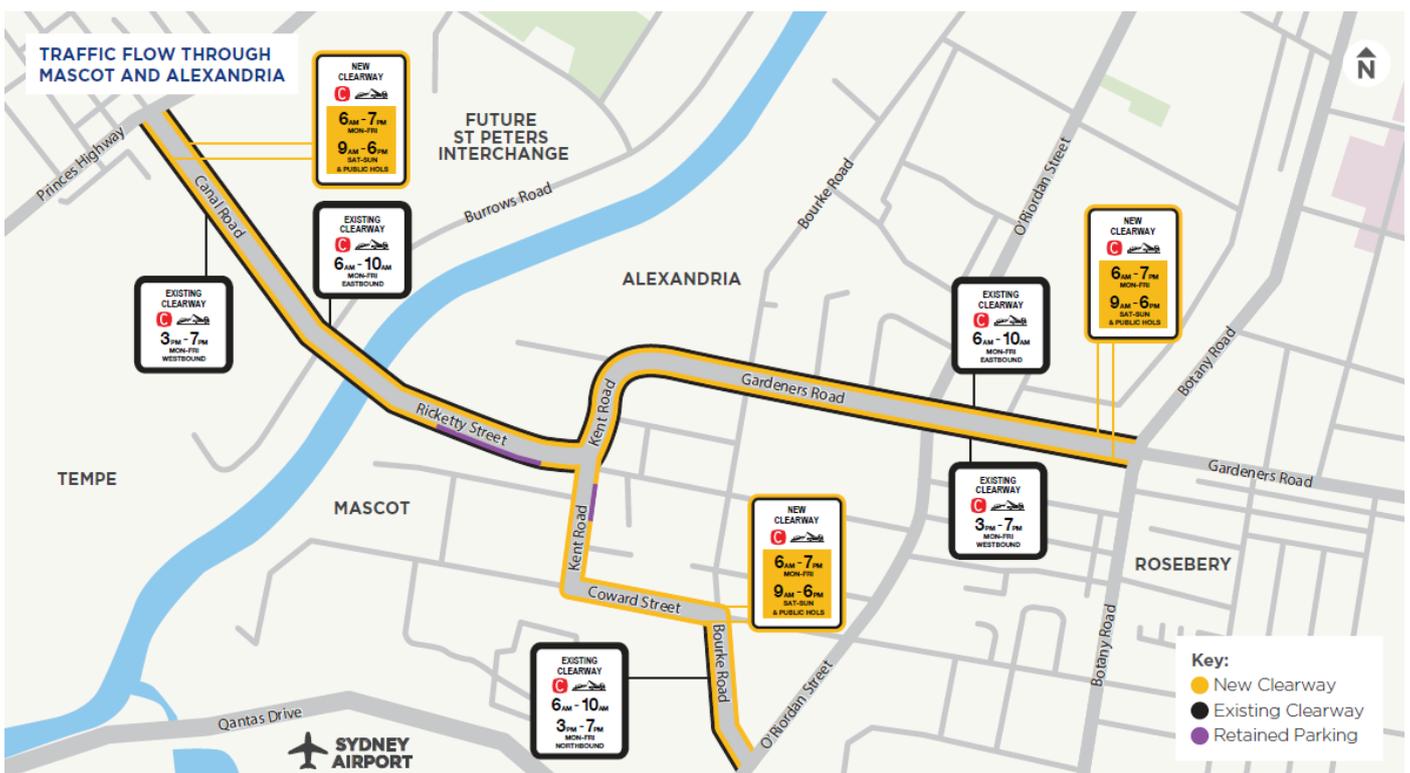

That’s why Transport is introducing new and extended clearways. Along with intersection upgrades around Mascot, Alexandria and the

Airport, these changes will enable efficient travel along two routes:

- Between the Princes Highway and Botany Road, along Canal Road, Ricketty Street, Kent Road and Gardeners Road;
- Between Kent Road and O’Riordan Street, along Kent Road, Coward Street and Bourke Road.

These changes would improve connectivity and provide smoother journeys for customers using the road each day.

Commencing mid-2020, these changes will form part of new arrangements improving access to both Sydney Airport and Port Botany.

What is a clearway?

A clearway is a section of road where stopping and parking is not allowed during the times shown on the clearway sign. Clearways are put on state roads where traffic is often heavy and congested. They help keep vehicles moving by making all lanes available to motorists.

The only exception is the stopping of buses and taxis dropping off or picking up passengers as well as emergency vehicles and postal vehicles accessing a public post box.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please contact the Transport Management Centre on 131 700.

What are the key benefits?

Clearways:

- reduce congestion by making an additional lane available to traffic
- improve journey times, allowing drivers to get to their destination sooner and more reliably
- improve safety by removing parked vehicles from the kerbside lane
- have an immediate positive impact on traffic flow as it uses existing road space for the movement of vehicles
- improve the efficiency of intersections along the corridor, as all lanes are used.

Translating and Interpreting Service

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone Transport for NSW on 1300 706 232

Arabic

May 2020

Privacy Transport for NSW ("TFNSW") is subject to the Privacy and Personal Information Protection Act 1998 ("PPIP Act") which requires that we comply with the Information Privacy Principles set out in the PPIP Act. All information in correspondence is collected for the sole purpose of assisting in the delivery this project. The information received, including names and addresses of respondents, may be published in subsequent documents unless a clear indication is given in the correspondence that all or part of that information is not to be published. Otherwise we will only disclose your personal information, without your consent, if authorised by the law. Your personal information will be held by us at 27 Argyle Street, Parramatta. You have the right to access and correct the information if you believe that it is incorrect.

How will the work affect you?

Starting May 16, our working hours will be between 8pm and 5am from Monday to Sunday. There will be some noise associated with this work but we will do everything we can to minimise the impact, including completing noisier tasks by midnight.

Some work may occur during daytime hours, and will be implemented throughout 2020 in order to support the completion of the St Peters Interchange and Mascot Intersection Upgrade Program.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions.

The safety of all workers on Transport for NSW work sites is of the highest priority during the evolving Coronavirus situation. All community members are thanked for their patience as work continues on important transport infrastructure across NSW.

For more information about the clearways, as well as intersection upgrades undertaken throughout Mascot, visit;
