

Meadowbank Wharf and interchange upgrade

November 2015

Work to upgrade the Meadowbank Wharf and interchange will start on Thursday 3 December 2015 and take about five months to complete.

Ferry services will continue to operate to the wharf during construction, however there will be times when safe operations are not possible and the wharf may need to be closed.

Customers will be advised in advance of any temporary closures.

Transport for NSW will provide up to date information about changes to the timetable during the upgrade of Meadowbank Wharf. Plan your trip before starting your journey by calling Transport Info on 131 500 or visit transportnsw.info to use the trip planner.

At times when ferries are not operating to Meadowbank Wharf, customers can connect to train services at Meadowbank Station - an eight minute walk from Meadowbank Wharf.

Customers can also catch the existing 513 bus service from Meadowbank Wharf to connect to bus services on Victoria Road to the city and Parramatta, or to train services at West Ryde Station.
