

JULY 2015

Mona Vale Road upgrades between Terrey Hills and Mona Vale

The NSW Government is proposing to upgrade Mona Vale Road from two lanes to four lanes between Terrey Hills and Mona Vale. The upgrade is being planned in three stages and aims to improve safety and traffic flow.

Roads and Maritime Services developed a preliminary concept design for both Mona Vale Road East and West and sought feedback from the community and stakeholders on the proposed upgrades during October and November 2014. We would like to thank everyone who took the time to consider the proposals and provide feedback.

We received feedback from 94 people. The majority of the comments raised related to the natural environment, safety and suggested changes to both proposals:

- Natural environment – The feedback focused on flora, environmental concerns including air and water quality, fauna safety, health of native animals and fauna habitat
- Project – The feedback received generally provided support for the project, but there were also some objections to the project. There were also a number of suggested changes and additions to both of the proposed preliminary concept designs
- Safety – The feedback also focused on the safety of all road users including motorists, drivers of heavy vehicles, pedestrians and cyclists and the implications of heavy vehicle movements on safety.

Roads and Maritime has considered all the feedback about the proposed Mona Vale Road East and West upgrades. We have prepared a community consultation report which provides a summary of the comments and our responses. You can access the community consultation report on Road and Maritime's website at <http://www.rms.nsw.gov.au/projects/sydney-north/mona-vale-road/index.html> or by contacting us on 1800 332 660 or monavaleroad@rms.nsw.gov.au

Next steps

Roads and Maritime is preparing environmental assessment reports for Mona Vale Road East and West. The reports will provide detailed information on the proposed concept road designs, environmental impacts and mitigation measures to minimise the impacts. Both environmental assessment reports will be placed on display for community and stakeholder comment. Mona Vale Road East is due to be placed on display in the second half of 2015 and Mona Vale Road West will be placed on display in the first half of 2016.

Background

The NSW Government is proposing to upgrade Mona Vale Road from two lanes to four lanes between Terrey Hills and Mona Vale. The upgrade is being planned in three stages and aims to improve safety and traffic flow. The stages include:

- Stage 1 – The upgrade of the intersection of Mona Vale Road and Ponderosa Parade was completed at the end of 2014
- Stage 2 (Mona Vale Road East upgrade) – Roads and Maritime is proposing to upgrade 3.2 kilometres of Mona Vale Road between Manor Road, Ingleside and Foley Street, Mona Vale
- Stage 3 (Mona Vale Road West upgrade) – Roads and Maritime is proposing to upgrade 3.2 kilometres of Mona Vale Road between McCarrs Creek Road, Terrey Hills and Powder Works Road, Ingleside
