

## Mona Vale Road East - Out of hours work

Out of hours work is planned from **8pm to 6am** on the below dates, weather permitting. If work is delayed due to wet weather, we will try to work a different night that same week. We will notify highly impacted residents if there is a change of date. If you are eligible for alternative accommodation, we will contact you at least 24 hours prior to the work.

Work along the **eastern end of the project** (from Mona Vale Cemetery to Foley Street, will occur on:

- **Tuesday 17 ,Thursday 19 and Friday 20 November**
- **Tuesday 24, Thursday 26 and Friday 27 November**

Our work includes:

- digging trenches along Samuel Street from the Mona Vale Road/Ponderosa Parade roundabout to Fazzolari Avenue
- digging trenches across Mona Vale Road near Emma Street
- installing and moving barriers along Mona Vale Road from the Mona Vale Cemetery to Foley Street
- line marking at the roundabout
- Ongoing road maintenance

*(Refer to Mona Vale Road East Upgrade map overleaf)*

Work along the **western end of the project** (from Manor Road to Mona Vale Cemetery) will occur on:

- **Monday 16, Tuesday 17, Thursday 19 and Friday 20 November**
- **Tuesday 24, Thursday 26 and Friday 27 November**

Our work includes:

- removing rock from the existing rock cuttings near the eastern end of Lane Cove Road (cut 4)
- removing rock from existing rock cuttings adjacent to Mona Vale Road (cut 4)
- excavating and constructing stormwater drainage in the area east of our site compound (near cut 5)

## November 2020

- hauling material away from our work zones near the eastern end of Lane Cove Road (cut 4) and near our site compound (cut 5) to the Western Early Works site (explained in more detail below)

- on-going road maintenance.

*(Refer to Mona Vale Road East Upgrade map overleaf)*

Work at our **Western Early Work site** off Tumburra Street, Ingleside (up to three nights a week with a maximum of two consecutive nights) includes:

- tipping spoil collected from the rock cuttings and stockpile management

*(Refer to Western Early Work map overleaf)*

During our night work we will use excavators with rock hammers, large bulldozers, backhoes, tipper trucks, elevated work platforms, a roller, a paver, a profiler, street sweepers, a compactor and wacker packers, small cranes, vacuum trucks, concrete trucks, a saw cutting machine, large trucks, light vehicles and lighting towers.

The Environment Protection Authority has approved a trial of increased night work, to four nights a week, over a six week period for the western end of the project. This is necessary to remove the remaining rock along Mona Vale Road. The trial began on Monday 12 October.

We will contact highly and moderately impacted residents during the trial to seek your feedback and agreement for the four nights per week to continue beyond the six week trial.
