

Asbestos removal continues along Mona Vale Road between Daydream Street and Foley Street until Tuesday 30 June

The NSW Government is investing \$140 million to upgrade Mona Vale Road between Manor Road, Ingleside, and Foley Street, Mona Vale, from two to four lanes to improve safety and traffic efficiency

Transport for NSW is continuing work on the eastern end of the Mona Vale Road East upgrade project between Mona Vale Cemetery and Foley Street. We have been removing asbestos contaminated material between Daydream Street and Foley Street since October 2019. The asbestos removal work will restart from **Tuesday 28 January to Tuesday 30 June 2020** due to the discovery of more asbestos contaminated material in this area.

We have secured affected areas and signage is in place to inform the community as we continue to remove the contaminated material.

The project's asbestos management plan details safe work practices and ensures the removal of the asbestos contaminated material is managed in accordance with strict Environment Protection Authority and Safe Work NSW requirements. The asbestos is being removed safely by accredited contractors so there is no risk to the public. The material will be disposed of at a licenced asbestos management facility.

Map of affected area

Note: Identified areas are not to scale and are for general information and illustrative purposes only

What will the work involve?

We will continue removing the asbestos contaminated material from **Tuesday 28 January to Tuesday 30 June 2020**, weather permitting. Our work hours will be from **7am to 6pm, Monday to Friday**.

We will use excavators and trucks to remove the material. Air will be monitored and work supervised by a licenced hygienist.

Pedestrian access

Pedestrian access on the northern side of Mona Vale Road will be maintained and any pedestrian detours are signposted. Access to businesses will be maintained. Traffic controllers will be on hand to assist pedestrians move around affected sites when necessary.

For safety reasons, the work area is fenced off from pedestrians.

If you are concerned about this work, please contact us so that one of our team members can explain the work and the safety measures we have in place.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, or would like to sign up for our emailing list, please contact our delivery partner, Georgiou Group.

Call: 1800 413 640 (during business hours)
