

## Mona Vale Road East - out of hours work

We will continue out of hours work along Mona Vale Road. We will work from **8pm** to **5am** on the following dates, weather permitting:

- **Monday 28 and Tuesday 29 October**
- **Monday 4, Tuesday 5 and Thursday 7 November.**

During out of hours work on **Monday 28 October**, we will complete rock excavation along Mona Vale Road using a stop/slow arrangement. Please allow additional travel time, keep to speed limits and follow the direction of traffic controllers and signs.

If work is delayed due to wet weather, we will try and work a different night within the same week. We will notify residents closest to the works if the dates change from the above.

Our work will include:

- excavating rock
- delivering large machinery
- vegetation removal
- shifting concrete road barriers and
- carrying out road maintenance work, where required.

October 2019

We will use large excavators with buckets and hammers, bobcats, rollers, grinders, cranes, lighting, chainsaws, light vehicles, hand tools and trucks.

To minimise the impact of night work on residents, we do not work for more than two consecutive nights in the same area and will work only 10 days within the same month. If you are eligible for Alternative Accommodation you will be advised within 24 hours of the work.

We will close one lane of Mona Vale Road in the night and reduce the speed limit to 40km/h to ensure the safety of motorists and workers. A stop/slow arrangement will be in place with traffic controllers and signage directing traffic.
