

# Project update – Hampden Bridge repairs and Moss Vale Road improvements

Roads and Maritime Services | April 2018

## Night closures of Hampden Bridge, Kangaroo Valley from Monday 14 May to Thursday 17 May

Further work is required to replace three major beams on the bridge to improve the safety and stability of Hampden Bridge.

To carry out this work safely we will need to **close the bridge** to traffic. Pedestrian access will be maintained across the bridge however there may be short delays while work is carried out.

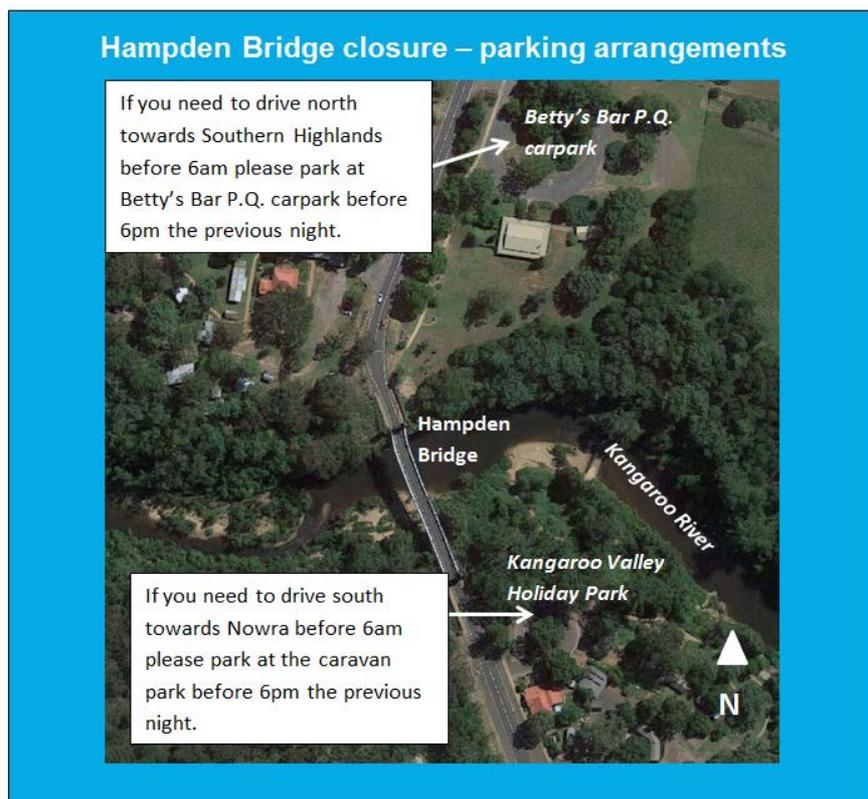

The bridge will be closed for up to **four nights** from **Monday 14 May to Thursday 17 May**. Our work hours will be between **6pm** and **6am** based on community feedback.

## Temporary traffic changes

The bridge will be closed to traffic during work hours. Detours will be in place via the Illawarra Highway, Macquarie Pass and Princes Highway, adding up to 80 minutes to travel times.

Buses will be available to transport residents between the bridge and their homes or businesses in Kangaroo Valley. The bus will operate between 5pm and 7pm at the start of the bridge closure and 5am to 6am before the bridge reopens.

If you need to travel before 6am, please park on the side you need to travel from before the bridge closes in the evening. We have provided a map below with more information.

## Night road closures on Moss Vale Road, Barrengarry Mountain from Sunday 27 May

Roads and Maritime will carry out this work which includes repairing mountain slopes and installing additional safety signage. We will also carry out essential maintenance work including clearing drains and trimming trees and shrubs.

We will be working for **two weeks** from **Sunday 27 May** to **Thursday 7 June**, weather permitting. Our work hours will be between **7pm** and **5am** from **Sunday** to **Thursday**, based on feedback from the community. No work will be carried out on Friday and Saturday nights and the road will be open to traffic during this time.

To ensure the safety of motorists and workers the **road will be closed between Myra Vale Road and Bunkers Hill Road** during work hours. Detours will be in place via Illawarra Highway and Princes Highway adding up to 80 minutes to travel times.

### How will the work affect you?

Residents within the road closure area will have access to their properties at all times and will receive information on how to contact traffic controllers closer to the start of work.

If you live within the closure area, please provide us with your email address so we can send you further details about this work.

## Road repairs and resurfacing on Moss Vale Road, Grahams Road to Willowglen Road

We will return to work on Moss Vale Road at Grahams Road in **mid-May**. We will be working between **7am** and **5pm** from **Mondays** to **Fridays** and expect the work to be completed before the July school holidays.

There will be one lane closed to traffic on Moss Vale Road between Grahams Road and Willowglen Road while we carry out this work.

Traffic will be able to travel in one direction at a time, directed by traffic lights or traffic controllers. All lanes will be open on weekends. Please check electronic message boards for updates.

## Future maintenance work

We will resume carrying out maintenance work under road closures on Barrengarry and Cambewarra mountains from August 2018. This work is carried out twice per year at each location.

Based on community feedback we will **trial** carrying out this work under night road closures. This work will take place over **two nights** between **8pm** and **4am**. The community will be provided with details closer to the start of work. We will review night closures at the end of 2018.

## Contact us

If you have any questions or would like more information about work on Moss Vale Road please contact our project team:

02 4222 3217

southernroadclosures@rms.nsw.gov.au

rms.nsw.gov.au/mossvaleroad

If you would like to receive notifications about work on Moss Vale Road please provide the project office with your email contact.

Information about planned maintenance road closures and detour maps can be found on the southern road closures map on our webpage [rms.work/srrc](http://rms.work/srrc).

Please check the webpage regularly as work can be impacted by weather or other events.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 02 4222 3217.
