Moss Vale Road improvements

Cambewarra Mountain closures from Monday 2 December and Community information session Wednesday 6 November

Cambewarra Mountain day closures from Monday 2 December 2019

We thank you for your patience and apologise for the inconvenience while we carry out this essential work.

Information session

You are invited to a drop in session to speak to the project team and provide feedback to help plan our future work and minimise work impacts.

When: Wednesday 6 November — anytime between 5pm and 7pm.

Where: Kangaroo Valley Community Hall

Address: 179 Moss Vale Road, Kangaroo Valley. Parking is available.

Cambewarra Mountain day closures from Monday 2 December

Roads and Maritime will carry out essential tree removal to complete recent slope stabilisation work on Moss Vale Road, Cambewarra Mountain. Due to the requirement of large cranes and to ensure safety of motorists and crews, the work must be carried out during the day.

Work will be carried out for seven days between 9am and 3pm, weather permitting from:

- Monday 2 to Thursday 5 December
- Monday 9 to Wednesday 11 December.

The road will be closed in both directions. Light vehicles can detour via Kangaroo Valley Road and Tourist Road, adding 15 minutes to travel times.

Vehicles over 7.5 metres or 12 tonnes will need to detour via the Illawarra and Princes highways, adding up to 90 minutes to travel times.
Future work planned on Moss Vale Road

Roads and Maritime will be required to carry out a number of slope repair projects at Barrenbarray Mountain and Cambewarra Mountain in the future. These activities are essential to ensure the long term stability of the road and safety for motorists.

To minimise the impact to the community, we will schedule this work to avoid weekends, holiday periods and local events.

We expect these projects to be carried out under road closures at night and to take up to six weeks to complete. We will provide more information about planned work in advance of each project to minimise the impact on the community.

In addition we will continue to carry out maintenance about every six months under night road closures at both Barrenbarray and Cambewarra mountains and will provide details about this work to the community in early 2020.

To find out more information and to talk to the project team you can attend our upcoming Information session.

Cambewarra Mountain night closure on Sunday 15 December

We will also carry out essential maintenance work on Moss Vale Road, Cambewarra Mountain from Barfield Road to Kangaroo Valley Road. It is important that this maintenance work is carried out to ensure the safety of road users over the busy holiday period.

The road will be closed for one night between 8pm and 4am on Sunday 15 December, weather permitting.

Light vehicles can detour via the Princes Highway and Kangaroo Valley Road, adding 20 minutes to travel times.

Vehicles over 7.5 metres or 12 tonnes will need to detour via the Illawarra and Princes highways, adding up to 90 minutes to travel times.

We thank you for your patience and apologise for the inconvenience while we carry out this essential work.

More information

For details including detour maps, visit our website and Southern Road Closures map rms.work/srrc.

Please check the webpage and map regularly as closures are subject to change.

Hampden Bridge update

The restoration and reinstallation of historical plaque signage on the bridge is underway with an expected completion later this year.

There will be no impact to motorists or pedestrians while the plaque is reinstated.

Roads and Maritime will continue regular inspections of Hampden Bridge to ensure the ongoing safe operation of the bridge.

We will advise the community in advance of any maintenance or repair work required.
