

Australian Government

BUILDING OUR FUTURE

April 2017

Field investigations and night work on Mulgoa Road and Castlereagh Road, Penrith, between Jane Street and High Street, from Monday 1 May 2017

The Australian and NSW governments are jointly funding the \$70 million Jane Street and Mulgoa Road Infrastructure Upgrade. The vital upgrade will connect road users to the Penrith CBD and ease congestion at these intersections.

Roads and Maritime Services will be carrying out field investigations to locate utilities as part of work to further refine the design of the Jane Street and Mulgoa Road Infrastructure Upgrade.

These investigations include minor excavation and will take place at multiple locations within the designated project boundary. We have included a map to show where we will be working.

The work will take up to 25 shifts to complete between 7am and 6pm from **Monday 1 May to Monday 5 June 2017**, weather permitting. In order to minimise impact on motorists, some night work will be carried out between **8pm and 5am** when traffic volumes are lower.

How will the work affect you?

Our work may be noisy however we will make every effort to minimise noise by arranging the work in stages at different locations and scheduling work near residential areas earlier in the evening.

Traffic changes

There will be some temporary traffic changes to ensure that work zones are safe. Lane closures will be in place and may affect travel times however access to properties and businesses will be maintained.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our Project Manager on 1800 733 084 or Janestreetandmulgoaroad@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
