BUILDING OUR FUTURE

February 2017

Field investigations and night work for the Jane Street and Mulgoa Road Infrastructure Upgrade, Penrith, from Monday 27 February

As part of the NSW Government's Plan for Growing Sydney, the Jane Street and Mulgoa Road Infrastructure Upgrade would play a vital role in easing congestion at these intersections and improving access to the Penrith CBD.

Roads and Maritime Services will be carrying out geotechnical field investigations to help further refine the design for the Jane Street and Mulgoa Road Infrastructure Upgrade project.

The investigation work will be limited to road lanes.

We have included a map to identify where we will be working.

This work will take up to 16 night shifts to complete from **Monday 27 February to 20 March on week nights only**, weather permitting. Our working hours will be from **8pm to 5am**.

How will the work affect you?

There may be some noise associated with this work. We will make every effort to minimise noise by arranging the work in stages at different locations and schedule work near residential areas earlier in the evening.

Traffic changes

There will be some temporary traffic changes to ensure the work zones are safe.

Lane closures will be in place and may affect travel times however access will be maintained during work. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Project update

Roads and Maritime sought comments from the community and stakeholders on the concept design and Review of Environmental Factors for the Jane Street and Mulgoa Road Infrastructure Upgrade in November and December 2016. We would like to thank everyone who considered the proposal and provided feedback.

RMS is reviewing the feedback provided. A submissions report summarising feedback received during the consultation period is currently being prepared and will be published in the coming months.

Contact

If you have any questions, please contact our project manager on 1800 733 084 or Janestreetandmulgoaroad@rms.nsw.gov.au.

For more information on our projects, visit rms.nsw.gov.au. Thank you for your patience during this important work.
