

## Appendix A

# Data Collection

## Appendix A Data Collection

The below table summarises data collected from third parties to inform the preliminary options and feasibility assessment:

Source	Data	Purpose
Singleton Council.	LEP Zoning Map.	To identify current and potential land uses. (eg. Singleton Heights and Darlington residential release areas).
	Council Heritage database.	To identify sites of local heritage value.
	Topography map – 2 metre contours.	To identify local topography.
	Vegetation Maps	To identify protected vegetation communities and areas of social amenity
	Flood Hazard Maps	To identify flooding characteristics of Singleton and surrounds
Utility authorities.	Dial Before You Dig.	To identify underground utilities infrastructure.
	Map of existing and proposed utilities.	To identify utility infrastructure and easements.
Office of Environment and Heritage.	Aboriginal Heritage Information Management System (AHIMS) database search.	To identify areas of aboriginal heritage significance.
	Wildlife Database	To identify protected species.
