

Northern Beaches Hospital road upgrade – Extended weekend working hours along Warringah Road from January to March 2019

The NSW Government is upgrading roads around the new Northern Beaches Hospital to increase capacity on the road network and improve access through the area.

Roads and Maritime Services consulted with residents and businesses in the area about working extended weekend hours along Warringah Road. During consultation, a large majority of community members supported the extended working hours proposal. The Environment Protection Authority also reviewed and approved the proposal.

The extended weekend hours will take place from **Sunday 20 January** to **Sunday 31 March 2019**, weather permitting.

When will we work?

Our working hours will now be Saturday from 8am to 6pm and Sunday between 8am and 5pm, weather permitting

These extended hours will be accompanied by less night work. However, some night work will still be required outside these hours on the eastbound and westbound lanes of Warringah Road and at the bridge sites to improve safety for workers and to limit delays on the road network. Additional out of hours work will be carried out between **8pm** and **5am**.

Details about planned out of hours work will be distributed separately to residents nearby as required.

Map of work location

The work to be carried out during these extended weekend hours includes:

- road work
- drainage work
- utility work
- bridge construction work.

How will the work affect you?

The work will involve the use of machinery which may generate some noise. We will use noise shields to dampen noise where appropriate and ensure equipment and vehicles are turned off when not in use. We will focus lights only on the working area, however there is likely to be some spill-over of light into some nearby residences.

The work will involve the use of machinery which may also generate vibration on occasions. The level of vibration is not anticipated to cause any damage to houses.

Traffic changes

Temporary traffic changes are needed to ensure the safety of workers and road users and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

Pedestrian access will be maintained at all times, although minor temporary detours may be in place.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project and traffic updates or have any feedback, please contact our delivery partner, Ferrovial Agroman.
