

Community Agreement – Saturday & Sunday Works at Aquatic Drive

3.4 Community Agreement

The agreement sought from the community is to allow works to be undertaken on Saturdays from 1:00 pm to 6:00 pm and most Sundays 8:00 am to 5:00 pm from the 27th January 2018 to 26th August 2018, weather permitting. (excluding public holiday weekends). Not all Sundays will be worked and will be dependent on construction crew availability.

When calling residents, the following key points were discussed:

- FYJV must undertake drainage and pavement construction works at Aquatic Drive to facilitate installation of a combined fauna/drainage culvert, service relocations which will facilitate the opening of Aquatic Drive to the public.
- The planned works will be undertaken on weekends to bring forward the completion of works thereby reducing the duration of inconvenience caused to stakeholders / businesses on Tilley Lane.
- Working weekends on the above-mentioned dates between 8am to 6pm will result in earlier vehicle access to Aquatic Drive for all road users including local businesses. Furthermore, a timely completion of road construction works will result in return of visual amenity for local stakeholders
- Workers will be tool-boxed beforehand, to keep noise and conversation to a minimum.

Of the 30 residents consulted by the FYJV Community Team:

- 26 agreed to the extension of working hours
- 4 could not be contacted by door-knock or email.
- 86.6% of potentially affected noise receivers agreed to FYJV undertaking the works.
