

Northern Beaches Hospital road upgrade – Lane closures on Warringah Road from Friday 25 October

The NSW Government is upgrading roads around the new Northern Beaches Hospital to increase capacity on the road network and improve access through the area.

Roads and Maritime Services is continuing to deliver this important project with work progressing on the 1.3 kilometre long underpass in the centre of Warringah Road.

To continue this work, lane closures will take place across two weekends from **Friday 25 October to Monday 4 November 2019**, weather permitting.

Warringah Road lane closures

From **8pm Friday 25 October to 5am Monday 28 October** and **8pm Friday 1 November to 5am Monday 4 November**, we will close:

- one eastbound lane on approach to the Hilmer Street intersection through to the east of Wakehurst Parkway
- one right turn lane to Wakehurst Parkway southbound.

During this time, two of three eastbound lanes of Warringah Road will remain open and motorists will be able to turn right at both Hilmer Street and Wakehurst Parkway.

Map of work location

What will the work involve?

These lane closures are required to ensure the safety of both the work crew and road users while we finish the edges of the underpass.

The work involves:

- temporary lane closures and restricting the speed limit to 40km/h
- pouring concrete
- installing drainage
- asphaltting and line marking
- removing temporary barriers.

How will the work affect you?

The work will involve the use of machinery which will generate some noise. We will use noise shields to dampen noise where possible and ensure equipment and vehicles are turned off when not in use. We will focus lights only on the working area. However, there is likely to be some spill-over of light into nearby residences.

Delays may occur along Warringah Road, Hilmer Street and Wakehurst Parkway. Motorists are encouraged to plan ahead and allow extra travel time.

Traffic changes

Temporary traffic changes are needed to ensure the safety of workers and road users and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

Pedestrian access will be maintained at all times and bus routes will not be impacted.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project and traffic updates or have any feedback, please contact our delivery partner, Ferrovial Agroman.
