

## Weekend lane closure along Warringah Road westbound, between Jones Street and Frenchs Forest Road East from Friday 17 August

The NSW Government is upgrading roads around the new Northern Beaches Hospital to increase capacity on the road network and improve access through the area

Roads and Maritime Services has been carrying out work to upgrade Warringah Road as part of the Northern Beaches Hospital road upgrade project.

To continue this work, the kerbside lane for westbound traffic along **Warringah Road** will be temporarily closed between **Jones Street** and **Frenchs Forest Road East** from **8pm Friday 17 August** to **5am Monday 20 August**, weather permitting.

During this lane closure the following key activities will take place:

- installing fences and barriers around the work area
- removing and rebuilding the road base
- laying asphalt
- line marking.

### Map of traffic changes

## How will the work affect you?

The work will involve the use of machinery which may generate some noise. We will use noise shields to dampen noise where appropriate and ensure equipment and vehicles are turned off when not in use.

We will focus lights on the working area, however some light may spill-over into some nearby homes.

## Traffic changes

Traffic management and signage will be in place to assist motorists through these changed conditions.

The temporary traffic changes are needed to upgrade the road and to ensure the safety of workers, motorists, cyclists and pedestrians and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.

## Are you studying for the Higher School Certificate?

We are planning our work program and would like to know of students within or near the project area, who are sitting for Higher School Certificate (HSC) examinations from Thursday 18 October to Friday 9 November 2018.

We would like to discuss options that we can take to minimise the impact of our work leading up to and during that period. Options may include scheduling work outside of areas and times where students will be studying, carrying out less noisy activities, and providing specific noise mitigation measures where appropriate.

If a member of your household is studying for the HSC, please contact our delivery partner Ferrovial York Joint Venture by 31 August.

## Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses.
