

Ongoing service relocation work from **Saturday 9 September**

The NSW Government is upgrading roads around the new Northern Beaches Hospital to increase capacity on the road network and improve access through the area

Roads and Maritime Services has been carrying out service relocation work throughout the project area for electrical services, telecommunications, stormwater drainage, water and gas.

Further work will continue from **Saturday 9 September** to **Thursday 30 November**, involving the following key activities:

- underboring and drilling
- sawcutting on footpaths and driveways
- relocating power poles
- stringing new overhead power and communication lines
- removing redundant poles and conduits.

Activities to prepare the work area include:

- implementing safety, environmental and traffic controls for workers, vehicles and the public
- installing site fencing and barriers
- removing and adjusting road signs and concrete medians
- delivering, unloading material and equipment
- line marking adjustments and removal
- pavement reconstruction
- constructing new kerb and gutters
- modifying and testing traffic lights.

Further notifications detailing specific work activities will be distributed to affected residents.

We have included a map to show the location of the work.

This work will continue from **Saturday 9 September** to **Thursday 30 November**. Some of the work will be carried out during our standard construction hours between **7am** and **6pm** from **Monday** to **Friday**, and between **8am** and **1pm** on **Saturday**.

Due to the high volume of traffic and pedestrians in the area, some of the work will need to be carried out outside standard construction hours for safety reasons and to limit delays on the road network. This will include some **night work** between **6pm** and **7am** from **Monday** to **Friday**, and some **daytime weekend** work. There will be up to **20 shifts** of out of hours work between **Saturday 9 September** and **Thursday 30 November**, weather permitting.

How will the work affect you?

The work will involve the use of machinery which will generate some noise. We will make every effort to minimise impact by notifying residents before work starts near their property. We will use noise shields to dampen noise where appropriate, and ensure equipment and vehicles are turned off when not in use.

Portable lighting will be used and we will focus lights only on the working area, and minimise spillover of light into nearby residences.

We will schedule the work in stages at different locations, working in shifts so residents will not be affected for more than three consecutive nights per week and advise work crews of these mitigation measures.

Traffic changes

There will be some temporary traffic changes to ensure the safety of workers, motorists, cyclists and pedestrians. Lane closures or detours may be in place and will affect travel times. Pedestrian access will be maintained at all times, although minor temporary detours may be in place during the work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, contact 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please contact our delivery partner, Ferrovial York Joint Venture.

Call: 1800 014 307 (free call 24 hours per day)

Email: nbhcommunity@ferrovialyork.com.au

Write: PO Box 6040, Frenchs Forest NSW 2086

Visit: Community Information Centre, corner Wakehurst Parkway and Warringah Road (north eastern corner), Frenchs Forest NSW 2086, from 9am to 5pm, Monday to Friday

Website: rms.nsw.gov.au/nbh

Thank you for your patience during this important work.

Translating and Interpreting Service

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone Ferrovial York Joint Venture on 1800 014 307

Arabic

إذا كنتم بحاجة إلى مترجم، الرجاء الاتصال بخدمة الترجمة الخطية والشفهية (TIS National) على الرقم **131 450**، والطلب منهم الاتصال بوكالتكم Roads and Maritime Services على الرقم 1800 014 307
