

Temporary closure of Warringah Road for installation of the new pedestrian bridge at Hilmer Street on Saturday 24 June

The NSW Government is upgrading roads around the new Northern Beaches Hospital with work proposed to be completed in 2018.

Roads and Maritime Services will install the new pedestrian and cyclist bridge near the intersection of Warringah Road and Hilmer Street, Frenchs Forest.

Installation of the new pedestrian bridge

The new pedestrian and cyclist bridge is being installed in three sections. The two outside sections will be installed during normal daytime hours.

To ensure the safety of workers and road users, and to reduce the impact on the road network, the middle section crossing Warringah Road will be installed at night from **8pm on Saturday 24 June to 9am on Sunday 25 June** (13 hours in total).

The work will involve:

- closing lanes and installing traffic controls for detours
- installing no stopping zones
- installing site fencing to delineate the work area
- establishing safe access and egress points for workers and vehicles
- lifting and installing pedestrian bridge sections
- setting up and demobilising the crane.

Closure of Warringah Road

To install the middle section of the bridge, Warringah Road will be **closed to all traffic** between Hilmer Street and Forest Way from **8pm Saturday 24 June to 9am Sunday 25 June** (13 hours in total).

As this is a major construction activity, work will only be carried out if weather permits.

We have included a map to show the location of the work and the traffic changes.

Traffic changes

During the full closure of Warringah Road on **Saturday 24 June**, local detour routes will be in place for **light vehicles** and **local residents** only.

Heavy vehicles will need to use alternative routes.

The installation of the outside sections of the bridge will involve the closure of one lane between 10am and 2:30pm. Traffic controllers will be in place.

Please plan your journey to allow additional travel time and avoid the area if possible.

Keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Car parking

Temporary 'no stopping' zones will be in place along Fitzpatrick Avenue East and Hilmer Street during the construction, from **8pm Saturday 24 June to 9am Sunday 25 June** (13 hours in total). These restrictions are to ensure the safety of motorists and residents along the detour route.

How will the work affect you?

The work will involve the use of machinery which may generate some noise. We will make every effort to minimise impact by notifying the community and motorists. We will use noise shields to dampen noise where appropriate and ensure equipment and vehicles are turned off when not in use. Portable lighting will be used and we will focus lights only on the working area, and minimise spillover of light into nearby residences.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please contact our delivery partner, Ferrovial York Joint Venture.

Call: 1800 014 307 (free call 24 hours per day)

Email: nbhcommunity@ferrovialyork.com.au

Write: PO Box 6040, Frenchs Forest NSW 2086

Visit: Community Information Centre, Corner Wakehurst Parkway and Warringah Road (north eastern corner), Frenchs Forest NSW 2086, from 9am – 5pm, Monday to Friday
