

Tree clearing along Warringah Road, Wakehurst Parkway and Forest Way from Monday 15 August

The NSW Government is upgrading roads around the new Northern Beaches Hospital with work proposed to be completed in time for the hospital opening in 2018.

Roads and Maritime Services will carry out further trimming and removing of vegetation and trees to make way for the new road upgrade.

The work will involve:

- Setting up traffic controls including temporary lane closures at night
- Temporarily modifying pedestrian access
- Establishing safe access and egress points for workers and vehicles
- Removing trees and overhead branches
- Removing vegetation from site using trucks.

Please see map below for location of work.

Work will be carried out from **Monday 15 August** until **Friday 30 September**, weather permitting. Some of this work will be carried out during our standard construction hours of **7am to 6pm** on **weekdays** and **8am to 1pm** on **Saturdays**.

Due to traffic implications during the day and safety risks to vehicles and pedestrians from clearing trees next to the road, some work will be carried out at night. There will be up to **20 shifts of night work** from **Monday 15 August** until **Friday 30 September**, between **6pm** and **7am**, weather permitting.

How will the work affect you?

There may be some lighting and noise associated with the work. Machinery and equipment used may include lighting towers, trucks, chainsaws, small crane, light vehicles and hand tools.

We will make every effort to minimise noise during night work by arranging work in stages at different locations, working at night only when necessary and using flexible noise shields where possible to dampen noise. Lighting towers will be directed away from residential properties wherever possible.

Traffic changes

There will be some temporary traffic changes to ensure the area is safe for workers, pedestrians and motorists. Lane closures may be in place for removal of overhead branches, and this may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please contact our delivery partner Ferrovial York Joint Venture.
