

## Eastbound traffic changes on Warringah Road at Frenchs Forest from Saturday 20 October 2018

The NSW Government is upgrading roads around the new Northern Beaches Hospital to increase capacity on the road network and improve access.

Roads and Maritime Services has been upgrading Warringah Road as part of the Northern Beaches Hospital road upgrade project.

Work on the eastbound lanes of Warringah Road has progressed and we are now ready to move traffic onto the upgraded eastbound lanes between Forest Way and east of Wakehurst Parkway.

These traffic changes will take place between **4pm Saturday 20 October** and **5am Monday 22 October**, weather permitting.

The middle of Warringah Road will become a construction zone to allow work on the underpass to progress.

### Map of traffic changes

Eastbound traffic will move onto the upgraded eastbound lanes from Forest Way to east of Wakehurst Parkway between **4pm Saturday 20 October and 8am Sunday 21 October**.

The following traffic changes will be implemented:

- the traffic lights will be turned off at the Warringah Road intersections with Forest Way and Wakehurst Parkway
- Wakehurst Parkway and Warringah Road will be reduced to one lane in each direction
- there will be **no right turn in and out of Hilmer Street at Warringah Road** from **9pm Saturday 20 October** until **5am Monday 22 October**.

### Detour map for Hilmer Street

Warringah Road eastbound traffic will be in its new arrangement by **8am Sunday 21 October**.

### From 8pm Sunday 21 October

From **8pm Sunday 21 October** until **5am Monday 22 October**, the traffic lights at the Warringah Road and Hilmer Street intersection will be blacked out while work is completed at the intersection.

Police will be onsite to control traffic during times when the traffic lights are turned off. **Please use caution when travelling through these intersections and follow the directions of police and traffic controllers.**

When the work is complete, all turning movements will be reinstated allowing full access to and from Hilmer Street at Warringah Road.

### Traffic changes

Motorists will notice a number of traffic changes when traffic has been moved onto the upgraded eastbound lanes, including:

- the right turn from Wakehurst Parkway northbound to Warringah Road eastbound will be temporarily removed. Motorists will continue north and turn right at Frenchs Forest Road. The right turn to Warringah Road will be reinstated when the Wakehurst Parkway road bridge is complete.
- the shared use path on the northern side of Warringah Road will be open between Forest Way and Wakehurst Parkway.

These traffic changes are needed to upgrade the road and to ensure the safety of workers, motorists, cyclists and pedestrians. These changes will affect travel times. Please stay within the speed limits and follow the direction of traffic controllers and signage. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.

Bus routes will not be affected by these traffic changes and work.

### How will the work affect you?

Potential delays may occur in this area including along Warringah Road, Forest Way and Wakehurst Parkway. Motorists are encouraged to plan ahead, use Frenchs Forest Road where possible and allow extra travel time.

### Contact

We are committed to minimising construction impacts on the community and will keep you informed as this project progresses. If you have any questions, would like to register for project and traffic updates or have any feedback, please contact our delivery partner, Ferrovial York Joint Venture.

**Call:** 1800 014 307 (free call 24 hours per day)

**Email:** [nbhcommunity@nbhr.com.au](mailto:nbhcommunity@nbhr.com.au)

**Write:** PO Box 6040, Frenchs Forest NSW 2086

**Visit:** Community Information Centre, Cnr Wakehurst Parkway and Warringah Road (north eastern corner), Frenchs Forest NSW 2086, Open 9am – 5pm, Monday to Friday
