

## Northern Beaches Hospital road upgrade project – Traffic changes along Warringah Road from Saturday 11 May 2019

The NSW Government is upgrading roads around the new Northern Beaches Hospital to increase capacity on the road network and improve access through the area

Roads and Maritime Services is upgrading Warringah Road as part of the Northern Beaches Hospital road upgrade project.

To continue this work, there will be traffic changes along **Warringah Road** between **Allambie Road** and **Wakehurst Parkway** for westbound traffic from **Saturday 11 May** until the **end of June 2019**, weather permitting.

During the traffic changes the following work will take place:

- installing drainage, kerb and gutter
- constructing a concrete median
- milling, road resurfacing, asphaltting and line marking.

### Map of traffic changes

### Traffic changes

The traffic changes include:

- establishing a work zone between the Warringah Road westbound lanes, with two westbound lanes on the left and one westbound lane on the right of the work zone
- separation of the Warringah Road westbound traffic lanes around the work zone will be from west of Allambie Road over a distance of approximately 350 metres.

The temporary traffic changes are needed to upgrade the road and to ensure the safety of workers, motorists, cyclists and pedestrians and will affect travel times. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.

## Community Agreement for extended working hours

Roads and Maritime Services consulted with residents and businesses in the area about working extended hours along Warringah Road to complete this work. During consultation, a large majority of community members supported the extended working hours proposal. The Environment Protection Authority also reviewed and approved the proposal.

The extended weekend hours will take place from **Monday 13 May to Sunday 30 June 2019**, weather permitting.

### When will we work?

The extended hours include **six night shifts per week** from **Monday to Saturday** from **8pm to 5am**, weather permitting. Three of these nights will include high impact noise (with only two consecutive high noise nights in a row), with an additional three nights of normal construction noise.

We will not work on Sundays or on Sunday nights.

Details about planned out of hours work will be distributed separately to residents nearby as required.

### How will the work affect you?

Potential congestion and delays may take place in this area including Warringah Road, Allambie Road and Rodborough Road. Motorists are encouraged to plan ahead and allow extra travel time.

The work will involve the use of machinery which may generate some noise. We will use noise shields to dampen noise where appropriate and ensure equipment and vehicles are turned off when not in use.
