

## **Extended weekend working hours in the work area on the northern side of Warringah Road from Fitzpatrick Avenue to Rodborough Road from Saturday 14 July to Sunday 5 August 2018**

### **The NSW Government is upgrading roads around the new Northern Beaches Hospital to increase capacity on the road network and improve access through the area**

Roads and Maritime Services' delivery partner, Ferrovial York Joint Venture has been consulting with residents in the area about working extended weekend hours along Warringah Road between Fitzpatrick Avenue and Rodborough Road, every Saturday and every second Sunday until early August.

The majority of community members supported the extended working hours proposal. The Environment Protection Authority has also reviewed and approved the proposal.

The rolling program of extended weekend work will be carried out from **Saturday 14 July to Sunday 5 August**, weather permitting. The extended hours will be between **1pm** and **6pm** on **Saturdays** and **8am** and **5pm** on **Sundays**, weather permitting.

In addition, we will continue to work on **Saturday** mornings as per our normal construction hours between **8am** and **1pm**.

The upgrade of the storm water drainage will not include high noise activities. The following machinery will be used:

- an excavator
- tipper truck
- plate compactor.

Details about work planned on Sundays will be distributed separately to residents nearest to the upcoming work. Further notifications about specific work activities will be distributed as required.

We have provided a map overleaf to show the location of the work.

### **How will the work affect you?**

The work will involve the use of machinery which may generate some noise. When possible we will use noise shields to dampen noise.

### **Traffic changes**

During the extended weekend works, Warringah Road will remain open to traffic in both east and westbound directions.

Temporary traffic changes are needed to upgrade the road and to ensure the safety of workers, motorists, cyclists and pedestrians and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.

Pedestrian access will be maintained at all times, although temporary detours may be in place.

---

## Map of work area for extended weekend working hours

### Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project and traffic updates or have any feedback, please contact our delivery partner, Ferrovial York Joint Venture.
