

Northern Beaches Hospital road upgrade – Temporary traffic changes on Forest Way from Friday 15 November

The NSW Government is upgrading roads around the Northern Beaches Hospital to increase capacity on the road network and improve access through the area.

Roads and Maritime Services is upgrading Forest Way as part of the Northern Beaches Hospital road upgrade project.

To continue this work, traffic changes will take place along **Forest Way** from **Friday 15 November** to **Monday 16 December 2019**, weather permitting.

Forest Way week night and weekend work

From **8pm Friday 15 November** to **5am Monday 16 December**, there will be temporary lane closures in place at night and on the weekends along Forest Way from Warringah Road to Naree Road, in both a northbound and southbound direction. There will be occasional contraflow arrangements in place at night with traffic reduced to one lane in both directions.

While we complete the work:

- motorists will be able to access Russell Avenue and Naree Road
- access to properties and businesses will be under the guidance of traffic controllers at night
- access to the Forestway Shopping Centre will not be affected
- at times we will turn off the traffic lights at the intersection of Forest Way and Warringah Road. Police will be onsite directing traffic during this time.

Lane capacity will be reinstated at the end of each night shift or weekend of work.

Location of Forest Way work

What will the work involve?

The work involves:

- temporary lane closures
- installing stormwater drainage pits and pipes
- constructing centre medians, traffic islands and footpaths
- removing temporary barriers
- asphaltting and line marking
- reinstating the road surface, footpath and driveways.

How will the work affect you?

Vehicle and pedestrian access to homes and businesses located within the work area will be maintained. Traffic controllers will be in place to assist.

The pedestrian crossing to the Forestway Shopping Centre will not be affected by this work.

The work will involve the use of machinery which will generate some noise. We will use noise shields to reduce noise where appropriate and ensure equipment and vehicles are turned off when not in use. We will focus lights only on the working area. However, there is likely to be some spill-over of light into some nearby residences.

Delays may occur along Warringah Road, Forest Way and Naree Road. Motorists are encouraged to plan ahead and allow extra travel time.

Traffic changes

Temporary traffic changes are needed to ensure the safety of workers and road users and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

Pedestrian access will be maintained at all times and bus routes will not be impacted.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project and traffic updates or have any feedback, please contact our delivery partner, Ferrovial Agroman.
