Fitzpatrick Avenue East closed from Monday 30 October

The NSW Government is upgrading roads around the new Northern Beaches Hospital to increase capacity on the road network and improve access through the area.

Roads and Maritime Services will upgrade the intersection of Fitzpatrick Avenue East and Warringah Road as part of the Northern Beaches Hospital road upgrade project.

To allow for the intersection upgrade, access in and out of Fitzpatrick Avenue East will be temporarily closed for up to eight weeks from Monday 30 October.

Work will continue for up to eight weeks. Some of this work will be carried out during standard construction hours between 7am and 6pm from Monday to Friday and between 8am and 1pm on Saturday, weather permitting.

Due to local traffic and pedestrians in the area and to limit traffic delays on the road network, some of the work will need to be carried out at night between 8pm and 5am from Monday to Friday.

The work will involve:
- closing the intersection of Fitzpatrick Avenue East and Warringah Road
- installing traffic controls for detours
- installing site fencing to delineate the work area
- installing temporary footpaths
- demolishing and disposing of the existing concrete kerb, gutters and footpaths
- re-laying asphalt
- installing stormwater drainage lines
- installing new kerbs, gutters, footpaths and pavements.

**Fitzpatrick Avenue East intersection upgrade**

During the road closure at Fitzpatrick Avenue East, motorists are advised to use the Hilmer Street intersection which is traffic light controlled.

When the work is complete, the left turn in and left turn out will be reinstated allowing access to and from Fitzpatrick Avenue East onto Warringah Road.

A detour map has been included to show the traffic changes and alternative routes.

Pedestrian access will remain unchanged during the work.
Traffic changes

There will be some temporary traffic changes to ensure the safety of workers, motorists, cyclists and pedestrians. Lane closures or detours may be in place and will affect travel times. Pedestrian access will be maintained at all times.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, contact 132 701, visit livetraffic.com or download the Live Traffic NSW App.

How will the work affect you?

The work will involve the use of machinery which may generate some noise. We will make every effort to minimise impact by notifying the community and motorists. We will use noise shields to dampen noise where appropriate and ensure equipment and vehicles are turned off when not in use. Portable lighting will be used and we will focus lights only on the working area to minimise light spilling into nearby residences.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please contact our delivery partner, Ferrovial York Joint Venture.

Call: 1800 014 307 (free call 24 hours per day)
Email: nbhcommunity@ferrovialyork.com.au
Write: PO Box 6040, Frenchs Forest NSW 2086
Visit: Community Information Centre, Corner Wakehurst Parkway and Warringah Road (north eastern corner), Frenchs Forest NSW 2086, from 9am – 5pm, Monday to Friday
Website: rms.nsw.gov.au/nbh

We appreciate your patience while we carry out this essential work.
Detour routes

No entry in or out of Fitzpatrick Avenue East from Warringah Road

Hilmer Street is open in both directions
