

## Night work on Frenchs Forest Road West and Naree Road from Monday 16 May

The NSW Government is upgrading roads around the new Northern Beaches Hospital with work proposed to be completed in time for the hospital opening in 2018.

Roads and Maritime Services will modify the speed bumps and concrete medians along Frenchs Forest Road West and Naree Road between Wakehurst Parkway and Forest Way from **Monday 16 May**.

The work will involve:

- Establishing traffic controls
- Modification of the speed bumps and pedestrian crossings
- No parking along both sides of the road.

Please see map below for location of work.

There will be up to **10 shifts** of **night work** between **Monday 16 May** and **Friday 27 May**, between **6pm** and **7am**, weather permitting. This night work is required to reduce the impacts on the road network and maintain the safety of our workers and road users.

### How will the work affect you?

There will be some noise, dust, vibration and disruption associated with this work. Machinery and equipment used may include lighting towers, profiler, asphalt paver, bobcat, water cart, rollers, jack hammer, trucks, light vehicles and hand tools.

We will make every effort to minimise noise by using flexible noise shields to dampen noise, where possible. We will carry out noise monitoring and work in shifts so you will not be affected for more than three consecutive nights per week. Lighting towers will be directed away from residential properties, wherever possible.

## Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. This includes a no parking zone along both sides of Frenchs Forest Road West and Naree Road, during this work. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
