

Construction work on Warringah Road, Frenchs Forest from Monday 11 April

The NSW Government is upgrading roads around the new Northern Beaches Hospital with work proposed to be completed in time for the hospital opening in 2018.

Roads and Maritime Services will begin construction work to remove the existing buildings and structures from properties between 449 and 467 Warringah Road, including the Bantry Bay Shops from **Monday 11 April**. These properties were acquired by Roads and Maritime for the Northern Beaches Hospital Road upgrade project.

Work will involve:

- Establishing the site with additional fencing and hoarding
- Installing safety scaffolding as necessary
- Removing identified hazardous and recyclable materials
- Demolishing the building with an excavator
- Cleaning up the site and removing equipment.

Please see map below for location of the work.

This work will be carried out from **Monday 11 April** until **early June**, weather permitting. This work will be carried out during our standard construction hours of **7am to 6pm** on **weekdays** and **8am to 1pm** on Saturdays.

How will the work affect you?

There will be some noise associated with this work. Machinery and equipment used will include hand tools, concrete saw, excavator, watercart truck and compressor/generator.

We will make every effort to minimise impact by using water to suppress dust, carrying out noise and vibration monitoring, providing respite periods for high impact noise activities and advising work crews of the mitigation measures.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please contact Ferrovial York Joint Venture.
