

Northern Beaches Hospital road upgrade Construction of new Forest Way pedestrian bridge at Warringah Road, from Saturday 8 April

The NSW Government is upgrading roads around the new Northern Beaches Hospital with work proposed to be completed in 2018.

Roads and Maritime Services will begin installation of the new pedestrian and cyclist bridge at the intersection of Warringah Road and Forest Way from **Saturday 8 April**.

Installation of the new pedestrian bridge

The new pedestrian bridge will be installed in stages, with the first stage to be carried out on **Saturday 8 April**. To ensure the safety of workers and road users, and to reduce the impact on the road network, this work will be carried out at night, between **8pm** and **5am**. Work will only be carried out if weather permits.

The work will involve:

- closing one westbound lane on Warringah Road between Hilmer Street and Forest Way
- closing two westbound lanes on Warringah Road between Forest Way and Fitzpatrick Avenue
- closing one southbound lane on Forest Way near the intersection with Warringah Road
- installing traffic controls
- closing the existing pedestrian bridge and changing pedestrian access
- installing site fencing to delineate the work area
- establishing safe access and egress points for workers and vehicles
- lifting and installing the first section of the pedestrian bridge
- setting up and demobilising the crane.

The closure of westbound lanes on Warringah Road, a southbound lane on Forest Way, and the existing pedestrian bridge is necessary to ensure the safety of workers and road users, and to allow the work to be carried out as efficiently as possible.

We have included a map to show the location of the work and the traffic changes.

Further notifications will be distributed for the next stages of installation.

How will the work affect you?

The work will involve the use of machinery which may generate some noise. We will make every effort to minimise impact by notifying the community and motorists. We will use noise shields to dampen noise where appropriate and ensure equipment and vehicles are turned off when not in use. Portable lighting will be used and we will focus lights only on the working area, and minimise spillover of light into nearby residences.

Traffic changes

There will be temporary traffic changes to ensure the safety of workers, motorists, cyclists and pedestrians. These changes are outlined above and explained further on the accompanying map. Please allow additional travel time.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Pedestrian access changes

To ensure the safety of pedestrians and cyclists, the existing Forest Way pedestrian bridge will be closed on **Saturday 8 April**, between **8pm** and **5am**.

Pedestrian detours will be in place and a **free shuttle bus** will be available to transport pedestrians and residents between Karingal Crescent and the Forestway Shopping Centre. The shuttle will use the bus stop on Forest Way outside the shopping centre, and a temporary bus stop will be located on Karingal Crescent at the laneway access point. Please follow the direction of traffic controllers.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please contact our delivery partner, Ferrovial York Joint Venture.

Call: 1800 014 307 (free call 24 hours per day)

Email: nbhcommunity@ferrovialyork.com.au

Write: PO Box 6040, Frenchs Forest NSW 2086

Visit: Community Information Centre, corner Wakehurst Parkway and Warringah Road (north eastern corner), Frenchs Forest NSW 2086, from 9am – 5pm, Monday to Friday

Website: rms.nsw.gov.au/nbh

Thank you for your patience during this important work.
