

A

- roundabouts  
Heavy vehicles  
Location  
funnelling traffic into Villiers  
not catering for future growth

+  
less cost

consider Summerland Way future upgrade

B

- roundabouts  
Heavy vehicles  
Location  
traffic into Villiers  
not catering for future growth

+  
cost

Summerland Way Upgrade

C

- Location  
traffic into CBD  
Not catering for future growth  
flooding impacts upstream  
potential cost prohibitive

+

Summerland Way

D

- Villiers roundabout  
for Heavy Vehicles  
Location  
traffic into CBD  
Not catering for growth  
Flooding impacts upstream  
potential cost prohibitive

+

Summerland Way

Alternatives

- Ring road around Grafton
- A route further downstream would better cater for schools

ALL 4 options

- Note: - ~~should~~ None of these 4 options address thru movement of Heavy Vehicles in a straight line
- Intrude on operation of CBD
  - Impact on Heritage values of Northern Clarence River
  - Impact on high density residential
