Nowra Bridge project - overview
Princes Highway upgrade

Legend
- Road design
- New shared path

Following the project’s completion, the old southbound bridge will be re-purposed and the community will be consulted during this process.

A new road will be built from the Princes Highway connecting to Lyrebird Drive.

The intersection at Scenic Drive and Bridge Road will be closed to improve pedestrian safety, connectivity and amenity.

There will be two longer lanes for motorists turning right into Bridge Road and a dedicated left turn onto the Princes Highway from Bridge Road.

The Pleasant Way and Princes Highway intersection will have a lane permitting left turn only into Pleasant Way.

The new bridge will provide four lanes for motorists traveling north and the existing northbound bridge will provide three lanes for motorists traveling south.

The new roundabout on Illaroo Road at the Fairway Drive intersection will improve safety and connectivity to and from the foreshore.

The Bolong Road intersection will be upgraded to improve safety, efficiency and pedestrian access.

Over 1.7 km of the Princes Highway will be upgraded to provide three lanes in each direction.

A new road will be built from the Princes Highway connecting to Lyrebird Drive.
