

Work continuing on Old Windsor Road, Bella Vista

Transport for NSW is upgrading Old Windsor Road, Bella Vista as part of the Pinch Point Program which aims to ease congestion, improve traffic flow and reduce travel times on major Sydney Roads.

Transport for NSW has been upgrading Old Windsor Road between Seven Hills Road and Norbrik Drive to ease congestion for road users travelling between Sydney's North West and Parramatta.

We opened the newly widened Old Windsor Road in this area to traffic just before Christmas. We trust you are enjoying an improved experience, including less congestion and faster travel time, on your journeys through this area now.

While we have now completed the key work in this upgrade, due to the recent heavy rain, we still need to come back to the area in March to finish off some landscaping, concreting and line marking work.

Our work schedule

We will be on site for **10 night shifts** and **20 day shifts** between **Monday 2 March 2020 and 31 March 2020**, weather permitting. We will not work on public holidays.

Our day work hours will be between **7am** and **6pm** from **Monday to Friday** and between **8am** to **1pm** on **Saturday**.

Our night work hours will be between **8pm** and **5am** from **Sunday to Friday**.

Contact

If you have feedback or concerns about the work schedule, or would like to know more about this project, please contact Old Windsor Road Upgrade Project Team on **0437 805 963** or **owr.community@georgiou.com.au**

To find out more about this work, please visit project webpage at rms.work/widenoldwindsor.

Thank you for your patience during this important work.

How the work will affect you

There may be some impacts to residents during this work, including noise and bright lights. Where possible, we will make every effort to minimise these impacts by turning vehicles and machinery off when not in use and using less noisy equipment, directing noise-generating equipment and lights away from properties and completing noisier activities by midnight.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures may be in place (when required) and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

What is a 'pinch point'?

A pinch point is a traffic congestion point, either at an intersection or on a short length of road, where a traffic bottleneck exists. They cause traffic build-up and travel delays at these spots and on the wider road network. More than \$825 million has been committed to the pinch point program. Each project will ease congestion, reduce traffic delays and improve travel times on Sydney's major roads.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 0437 805 963.
