

Project update – Work on the Pacific Highway, Pymble/Gordon

The NSW Government is funding this project as part of its \$300 million Urban Roads Pinch Point Program, which aims to reduce congestion and improve travel times on Sydney's busiest corridors.

Roads and Maritime Services is delivering this project, which involves improving the intersection of the Pacific Highway with Mona Vale Road and Ryde Road. Intersection improvements are being completed in two stages and will improve traffic flow on the Pacific Highway and reduce congestion, improving travel times.

Work carried out so far

We have now completed stage one work. Stage one improvements opened to traffic on Friday 15 December 2017, and included:

- modifying the existing northbound centre median to provide dual right turn lanes from the Pacific Highway northbound onto Mona Vale Road eastbound
- modifying the existing southbound traffic islands on the Pacific Highway near the intersection (shortening the existing traffic island to accommodate dual right turn movement)
- moving the traffic signals to suit the new intersection arrangement
- asphaltting and road marking.

Next steps

Roads and Maritime will carry out utility survey and investigation work at the Pacific Highway and Mona Vale Road intersection, in preparation for stage two work. Investigation work will include locating utilities, potholing, cutting and reinstating the road surface.

We have included a map to show the location of the work.

Our work schedule

We will be on site from **Sunday 6 May to Sunday 20 May 2018**, weather permitting. Work will include **four night shifts** and **three day shifts**. Our night shifts will be between **8pm** and **5am** from **Sunday** to **Friday**, and our day shifts between **7am** and **5pm**, **Monday** to **Friday**. We will not work on public holidays.

We will update you on stage two work when we have confirmed details.

How will the work affect you?

We will continue to do everything we can to minimise noise, including completing the noisier tasks, such as jack hammering and saw cutting, by **midnight**.

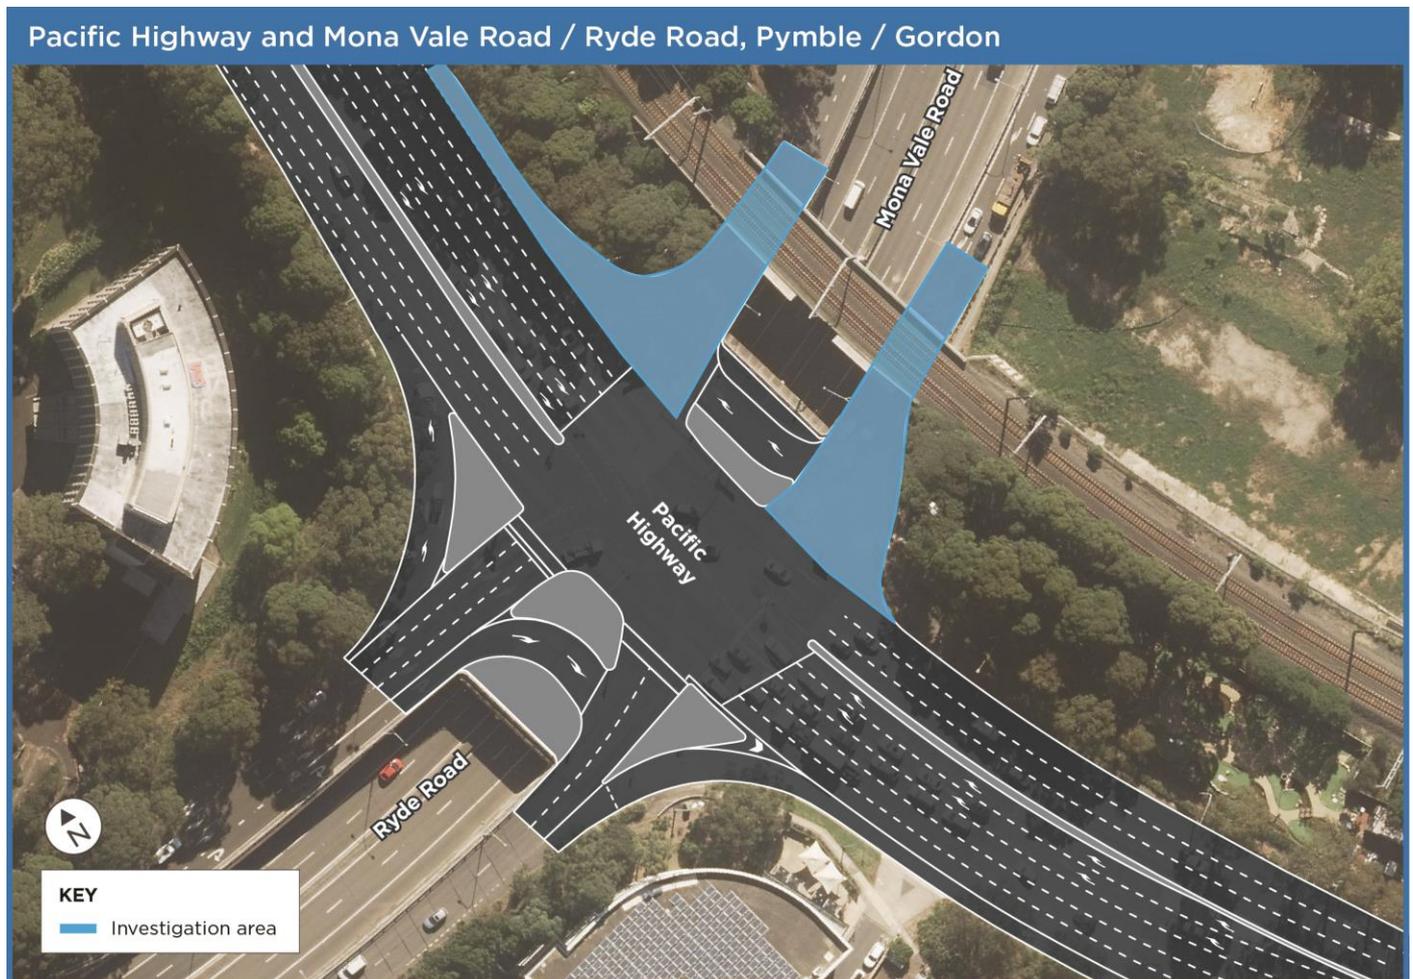

Temporary traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have concerns about the project or the proposed work schedule, please contact the Pinch Point project team on 1800 572 004 (during business hours) or pinchpoint@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 572 004
