

Continuing bus improvements on the Pacific Highway, Hornsby from Sunday 28 February

February 2021

The NSW Government's Bus Priority Infrastructure Program is improving the reliability and efficiency of bus services, while easing congestion for all road users.

Transport for NSW will continue work to complete the bus improvements on the Pacific Highway between Edgeworth David Avenue and Leonard Street, Hornsby from **Sunday 28 February 2021**.

We had planned to finish this work by Friday 26 February, however, work has been delayed by bad weather and a number of unforeseen issues. To-date, we have removed the concrete traffic island south of Edgeworth David Avenue, trimmed roadside trees and carried out road resurfacing and signage changes.

To complete these improvements, we will still need to:

- complete the asphaltting work
- relocate the bus stop ID 2077157 about 35 metres south of its current location
- install tactile paving (also known as raised ground indicators) around the bus stop to make it more accessible for people with disabilities
- paint the bus only lane and road line markings.

The remaining work will be carried out between **Sunday 28 February** and **late March 2021**. There will be four weeks between the asphaltting to when the line markings and bus lane is painted.

Our work schedule

We will be on site for up to **three night shifts** a week between **Sunday 28 February** and **Wednesday 31 March**, weather permitting.

Our night work hours will be on any three nights between **Sunday** and **Friday** from **8pm to 5am** the next day.

Contact us

If you have any questions, please contact our delivery partner, DM Roads on **1800 332 660** or nsw_projects@dmroads.com.au

For more information on this project, visit rms.nsw.gov.au/projects/pacific-highway-hornsby

Thank you for your patience during this important work.

How will the work affect you?

Our work needs to be carried out at night to minimise traffic disruption and reduce safety risks to our workers and road users.

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing noisier tasks, such as concrete drilling, **by midnight**.

We will inform the residents near the work site three days before the last night shift when we paint the bus lane and road's line markings. The overnight parking on the bus lane will be temporarily unavailable during the work.

Traffic and pedestrian changes

There will be temporary lane closures and reduced speed limit during our work hours to ensure the work zone is safe for workers and road users. There will be workers on site to direct motorists and pedestrians at these times.

Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Translating and Interpreting Service

If you need an interpreter, please call TIS National on **131 450** and ask them to call DM Roads on **1800 332 660**.

Arabic
