

## Night work on the Pacific Highway between Ourimbah and Lisarow from Sunday 15 April

**The NSW Government has provided \$70 million to upgrade the Pacific Highway between Lisarow and Ourimbah to improve traffic flow and safety. Major construction work started in March 2016 and is expected to be completed by late 2018, weather permitting.**

Roads and Maritime will move all northbound and southbound traffic travelling between Glen Road and Cut Rock Creek to a new section of road on the western side during the week commencing **Sunday 15 April**.

This traffic change and associated work was originally scheduled to occur during the **Friday 23 March to Friday 6 April** period of night work. Work to install new concrete bridge girders at Cut Rock Creek was completed in early April.

### Upcoming work

Additional night work will occur between **Sunday 15 April** and **Sunday 22 April**. This work is expected to be limited to one night, weather permitting. Working hours will be from **6pm to 5am**, weather permitting.

The work involves:

- asphaltting and line marking
- relocating safety barriers.

Impacted residents will be contacted closer to the date when work will take place in your area. We have included a map to show where the work will be happening. This work must be completed at night to minimise the impact to traffic.

Work will also continue during standard construction hours from **Monday to Friday** between **7am** and **6pm** and **Saturdays** between **8am** and **1pm**, excluding public holidays.

### How will the work affect you?

This work will be noisy and involve the use of temporary lighting. We are conscious of the effect this may have on surrounding residents and businesses. We will make every effort to minimise noise and excessive lighting during the works.

### Traffic changes

Temporary traffic changes and a reduced speed limit will be in place at times to ensure the safety of road users and workers. Traffic in both directions on the Pacific Highway will be stopped intermittently for up to 15 minutes at times to allow work to be completed safely.

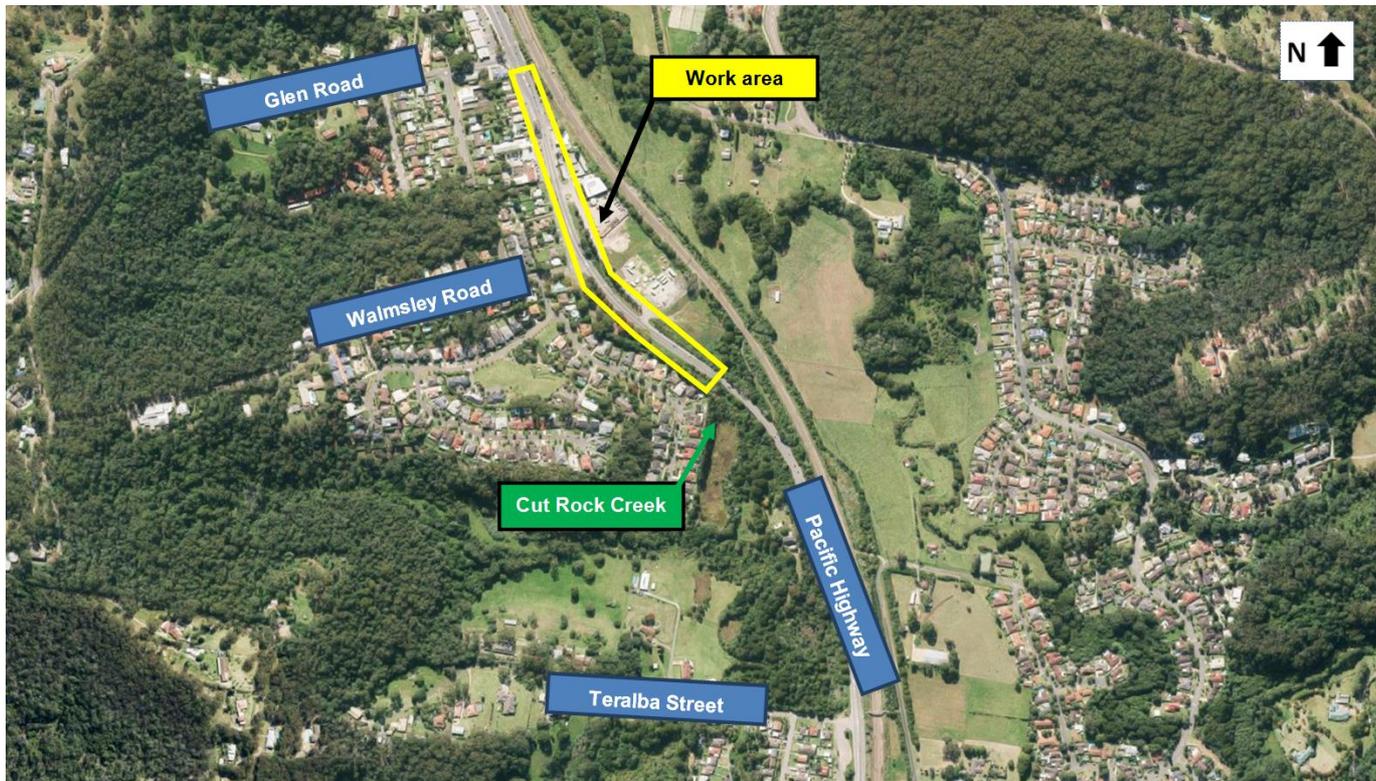

---

Road users are asked to follow the direction of traffic controllers, adhere to reduced speed limits and follow traffic signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Contact

All enquiries should be directed to our delivery partner Civil Mining & Construction on **1800 247 377** (24hrs). For more information on the project, visit [rms.nsw.gov.au/lisarow-ourimbah](http://rms.nsw.gov.au/lisarow-ourimbah). Thank you for your patience during this important work.

## Location of work
