

Night work on Railway Crescent, Lisarow – 13-14 January

The NSW Government has provided \$9 million in 2017/2018 for the planning of the Pacific Highway upgrade, between Ourimbah Street and Parsons Road, Lisarow to improve traffic flow and safety.

Roads and Maritime Services is progressing plans for the upgrade. Construction is expected to begin by the end of 2018 following a tender process. While work on the tender process is underway, Roads and Maritime continues to carry out early work, including relocating utilities near the Pacific Highway and Railway Crescent intersection.

Some of the work will occur within the rail corridor. This needs to be timed to occur on weekends when the rail line is scheduled to be closed for maintenance. Work occurs continuously over the weekend because of the limited window available while the rail line is shut down. The next planned rail shutdown that we will work is from **1am Saturday 13 January to 11.30pm Sunday 14 January.**

A map is included below to show the work area.

How will the work affect you?

There will be noise associated with this work. We are making every effort to minimise the disruption to you by containing this activity to the rail shutdown period.

Upcoming work

Further works will be needed at times during February and March. Roads and Maritime will contact you regarding the specific work dates and times once they have been confirmed.

Contact

If you have any questions about the project please contact Roads and Maritime Project Manager Mehrdad Doushab on 0417 388 702 or mehrdad.doushabchizadeh@rms.nsw.gov.au during business hours.
