

Weekend work on Railway Crescent, Lisarow on Sunday 18 March

The NSW Government has provided \$9 million in 2017/18 for the planning of the Pacific Highway upgrade, between Ourimbah Street and Parsons Road, Lisarow to improve traffic flow and safety

Roads and Maritime Services is progressing plans for the upgrade. Construction is expected to begin by the end of 2018 following a tender process. In the meantime, Roads and Maritime continues to carry out early work, including relocating utilities near the Pacific Highway and Railway Crescent intersection.

Upcoming work

Work required within the rail corridor must be timed to occur on weekends while the rail line is closed for maintenance. The next planned rail shutdown is between **6am** and **10pm** on **Sunday 18 March**.

Our work will include:

- installing high-voltage underground cables, overhead poles and terminals
- testing cables.

Work will be confined to the rail corridor. A map is included below to show the location of this work.

How will the work affect you?

The rail corridor work is not expected to generate significant noise. However, trucks will produce some noise as they transport cables and equipment to the site. Elevated working platforms (cherry pickers) will also be used to install cables in some locations.

Ausgrid is separately continuing work to relocate power lines in the area. This work will produce intermittent noise, as advised in our previous community notification.

Traffic changes

As this activity is confined to the rail corridor, there will not be any impact on traffic in the area. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions about the project, please contact Roads and Maritime Project Manager Mehrdad Doushab on 0417 388 702 or mehrdad.doushabchizadeh@rms.nsw.gov.au during business hours.
