

May 2017

Day and night work at Lisarow from Monday 8 May 2017

The NSW Government has provided \$7 million in 2016/2017 for the planning of the Pacific Highway upgrade, between Ourimbah Street and Parsons Road, Lisarow to improve traffic flow and safety.

Roads and Maritime Services will carry out investigation work to confirm the location of existing utilities in May. This work will include using small machinery and a vacuum truck to dig potholes to check for the depth and location of utilities.

The investigation work will be carried out at the Pacific Highway, Lisarow and nearby streets including Railway Crescent, The Ridgeway and Tuggerah Street. We have included a map to show locations where the work will take place.

We expect to carry out five shifts from **Monday 8 May to Friday 19 May** including **two day and three night shifts**, weather permitting. Our working hours will be between 7am and 6pm for the day shifts and between 7pm and 6am for the night shifts. Work will not be carried out on weekends.

How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise noise by staging the works so that the night work investigations that are close to residences are undertaken in the early evening.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Traffic control will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

Please contact our Project Manager Daryl Fidge on 02 43797020 or central.coast.office@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
