New pop-up cycleway in your neighbourhood

Transforming Sydney’s streets to protect your health

Transport for NSW is working with Waverley and Woollahra councils to deliver a new pop-up cycleway (see map over the page) as part of the NSW Government’s response to COVID-19 to give you safe travel options. This is a key public health measure being delivered on the advice of our health experts.

Beach to Bay Connection

A pop-up cycleway will soon be installed in your neighbourhood. The cycleway will connect Bondi Beach to the Rose Bay Promenade.

Pop-up location

The pop-up cycleway will be installed on Curlewis Street, Bondi Beach and continue along O’Sullivan Road, Rose Bay.

On Curlewis Street it will be placed on the north eastern side from Old South Head Road until Gould Street, where it changes to the other side of the road using an existing pedestrian crossing and continues to Campbell Parade. On O’Sullivan Road, it will be placed on the north eastern side from New South Head Road to Old South Head Road.

The cycleway will be approximately 2.4 metres wide and include two lanes, one in each direction. It will be located between the kerb and parking spaces and have a physical barrier to parked cars for cyclist safety.

Transport for NSW is currently working with Waverley and Woollahra Councils to prepare a detailed design.

Installation

The work to install the cycleway will start in approximately four weeks. The work will take place mostly during the day, however some night work may take place between 5pm and 11pm. To reduce noise hand tools will be used and on-site equipment will be limited to reduce the changes to parking space.

More information about the installation of the cycleway will be sent shortly.

There will be temporary traffic changes while the cycleway is installed to ensure the work zone is safe. Any temporary parking changes will be removed as soon as the cycleway is installed.
