

Transport for NSW

Princes Highway Upgrade, Kirrawee

Project update | February 2020

The NSW Government is funding this project as part of a program to ease congestion and improve travel times on Sydney's busiest corridors.

Transport for New South Wales is making improvements to the intersection of the Princes Highway with Kingsway, Oak Road and Acacia Road, and the intersection of Acacia Road with President Avenue to help improve traffic flow, travel times and safety for all road users.

Project benefits

The benefits of the improvement include:

- improved operation of Princes Highway along the corridor and at the intersections with Acacia Road, Oak Road, Kingsway and President Avenue
- improved safety at the intersections, with a reduction in the number of rear-end crashes and crashes involving motorists changing lanes
- reduced traffic delays and a better flow of traffic for motorists at all points along the corridor.

What's happening next?

- Night works will continue on Princes Highway
- Completion of the retaining wall along the Princes Highway
- Construction of a new southbound left-turn lane from Oak Road onto Princes Highway
- Completion of the road widening at Kingsway intersection

Our work schedule

- Until **late 2020**, we will work up to **five nights** and **six days** a week, weather permitting.
- Our standard night work hours will be **8pm-5am** from **Monday to Friday**. Our day work hours will be **7am-6pm** from **Monday to Friday** and **8am-1pm Saturdays**.
- Work will not be carried out on public holidays and work will be suspended through the Easter long weekend.

Traffic and pedestrian changes

Oak Rd to Bath Rd (see map below)

Pedestrians will need to walk down Oak Road, along Monro Avenue and up Bath Road as a detour while this closure is in place.

There will continue to be a temporary footpath closure along the northern side of Princes Highway between Oak and Bath roads. All businesses in the work area can also be accessed on foot from Monro Avenue, Oak Road or Bath Road.

Oak Rd to Acacia Rd (see map below)

Those walking from north of the Princes Highway to destinations south of the highway must use either Acacia or Oak roads. There will be no access via Kenneth Avenue or Peach Tree Lane.

During the first half of 2020, there will be no pedestrian access along or across the Princes Highway service between Acacia and Oak roads.

There will also be no pedestrian access for Princes Highway service road residents onto Oak Road while the second retaining wall at that location is complete.
