Intersection upgrade: Princes Highway and The Boulevarde, Kirrawee

Work to begin in April 2020

Transport for NSW | March 2020

In April 2020, Transport for NSW will begin work to upgrade the intersection of Princes Highway and The Boulevarde, Kirrawee.

Princes Highway is one of the most vital arterial roads in southern Sydney. The upgrade of the Highway’s intersection with The Boulevarde is one of a series of major pinch point projects along Princes Highway, including completed work at Port Hacking Road, Sylvania, and Heathcote Road, Engadine.

Other projects on their way to completion on Princes Highway include multi-million dollar upgrades at intersections with Acacia Road, Presidents Avenue, Oak Road and Kingsway.

What we are doing

- Widening the intersection to accommodate two right-turn lanes and an extended merge lane from The Boulevarde into Princes Highway.
- Extending the left slip lane from Princes Highway onto The Boulevarde, eastbound.
- Closing the service road exit to motor vehicle traffic at The Boulevarde (continued through access for cyclists).
- Constructing a traffic island to improve pedestrian safety and to separate traffic turning left and right from The Boulevarde into Princes Highway.
- Removing trees (with offset planting), installing new kerbs and pavement, relocating utilities, asphalting and line marking.

Night work

Due to high traffic volumes, construction will be carried out mostly at night. Our proposed schedule involves working up to five nights a week between April and December 2020, weather permitting.

Our night work hours will be between 8pm and 5am from Sunday to Friday. Our day work hours are from 7am to 6pm, Monday to Friday, and 8am to 1pm on Saturdays. We will not work public holidays.
Community consultation

Transport for NSW sought public feedback on the project in 2017. The submissions and our responses are published on the project webpage: [nswroads.work/princesboulevarde](nswroads.work/princesboulevarde)

How will the work affect you?

Our work may be noisy at times, but we will do everything we can to minimise its impact. We will complete the noisier activities, such as concrete cutting, chain sawing and jack hammering, by midnight.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Please keep to speed limits and follow signs and traffic controllers’ directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Temporary site compound

To support construction, we are setting up a temporary site compound at the intersection of Kingsway and Sylvania Road, Gymea.

The compound will be used for site offices and to store materials and machinery. It may be in use any time work is taking place at the intersection.

Questions and feedback?

We invite your feedback or questions on the work schedule or other aspects of the project. Please send your comments to our delivery partner, Ventia Boral Amey Joint Venture by 5pm, Friday 20 March 2020 using the contact details below.

Contact us

For more information or to comment, please contact Ventia Boral Amey Joint Venture by telephone on 1800 677 700, email nswenquiries@vbajv.com.au or write to PO Box 838, Rockdale NSW, 2216.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 677 700.
