

Have your say – Intersection improvements at the Princes Highway and Rockdale Plaza Drive, Rockdale

The NSW Government is funding this proposal as part of its \$300 million Gateway to the South Pinch Points Program which aims to ease congestion and improve journey reliability on Sydney's key southern corridors.

Roads and Maritime Services is inviting your feedback by **Tuesday 5 September** on a proposal to widen Princes Highway to three southbound lanes and to extend the right turn lane from Princes Highway into Rockdale Plaza Drive westbound.

The intersection is currently congested due to Princes Highway being reduced to two lanes southbound between Lister Avenue and Ashton Street. Congestion is also caused by traffic waiting to turn right into Rockdale Plaza Drive westbound, queuing back and blocking the southbound through traffic on Princes Highway.

Benefits would include:

- improved capacity and efficiency of the Princes Highway corridor, specifically for southbound vehicles on Princes Highway near the Rockdale Plaza Drive intersection
- improved road safety due to reduction of traffic waiting to turn right into Rockdale Plaza Drive, westbound, queuing back and blocking the southbound through traffic on Princes Highway.

This proposal includes:

- road widening on the eastern verge of Princes Highway to allow for three through lanes southbound between Lister and Ashton Street
- road widening on the eastern verge of Princes Highway to lengthen the right turn bay on Princes Highway into Rockdale Plaza Drive
- road widening on the eastern verge of Princes Highway to allow relocation of indented bus bay
- construction of new footpath on the eastern verge of Princes Highway
- bridge widening over Muddy Creek
- modification to the intersection for a left turn slip lane from Princes Highway southbound into Rockdale Plaza Drive
- modification to the intersection to allow for left turn slip lane and median from Rockdale Plaza Drive onto Princes Highway southbound
- minor tree removal

We have included a map to show the location of the proposal.

How can you give feedback?

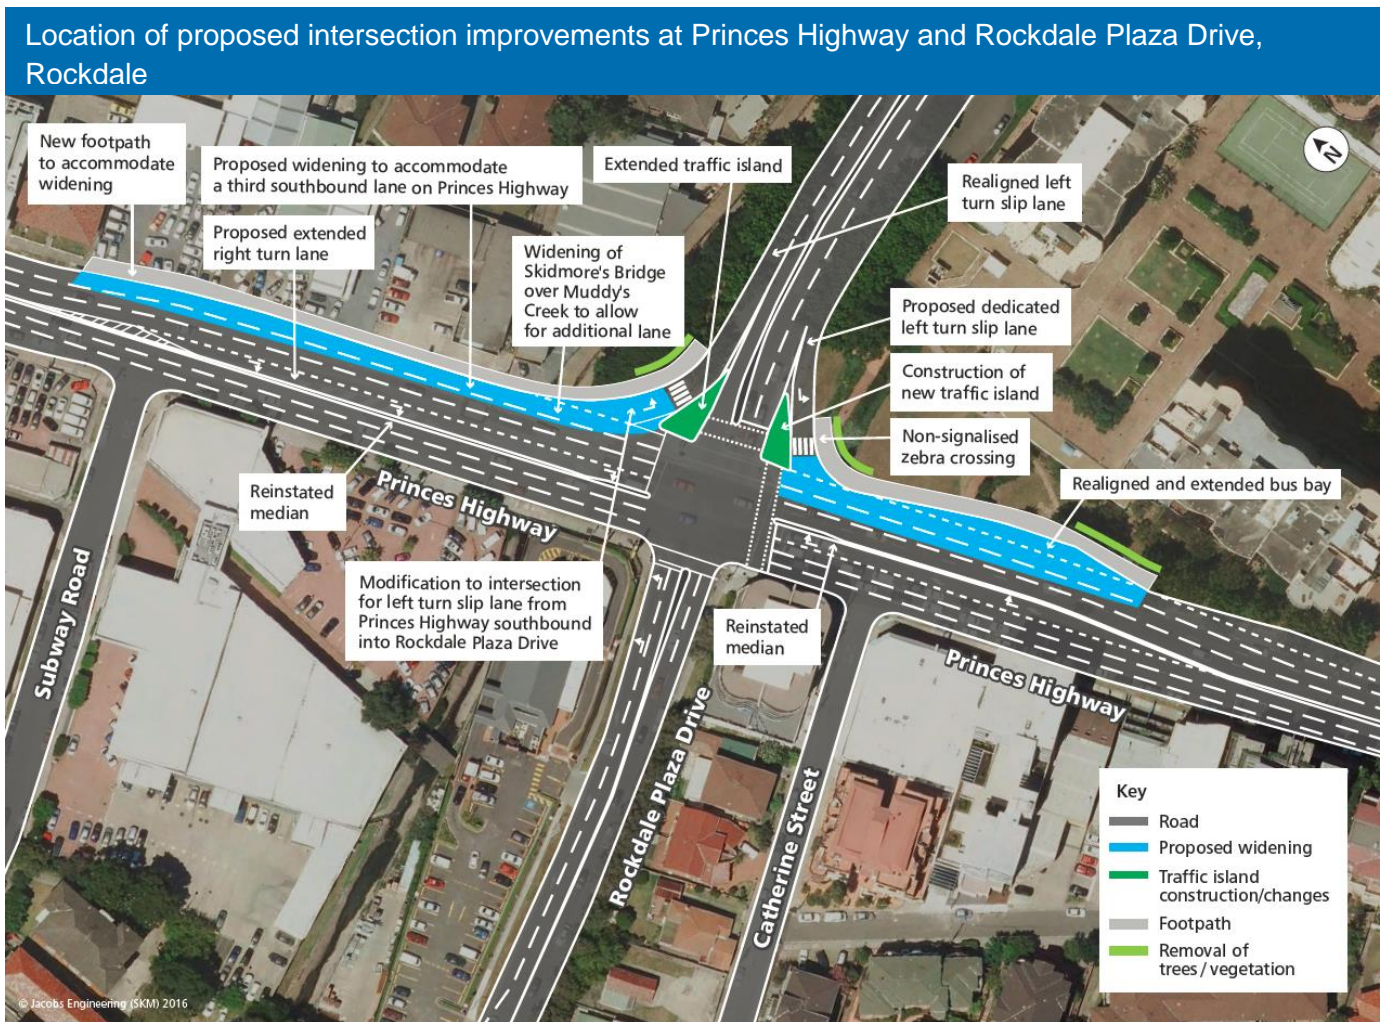

We invite your feedback on the proposal by **Tuesday 5 September**.

Please send your comments to our project team during business hours on 1800 572 114 or G2S@rms.nsw.gov.au or by writing to:
